Opening Remarks – Dr. Larissa Smith Fergeson

8:15 – 8:45 A.M.
Greenwood Library Atrium

Larissa Smith Fergeson is a Professor of American History and has been at Longwood for 19 years. Since January 2018, she has served as Provost and Vice President of Academic Affairs. In this role, she is chief academic officer and is responsible for Longwood’s five colleges, the library, academic programs, and outreach centers.

Prior to becoming Provost, Dr. Smith Fergeson served as Associate Provost for Outreach and Initiatives, in which she worked closely with the Longwood Center for the Visual Arts, the Moton Museum, and Hull Springs Farm. From 2014-2016, she served as vice-chair of the Academic Core Curriculum Committee, which led the development of Longwood’s new general education curriculum, called Civitae. She also chaired Longwood’s Faculty Senate from 2010-2013.

Dr. Fergeson’s research focuses on the civil rights movement in Virginia. She serves as university liaison to the Moton Museum, Virginia's only civil rights National Historical Landmark, located here in Farmville. She also was the lead historical consultant for the museum’s award-winning exhibit “The Moton School Story: Children of Courage,” which opened in April 2013, and author of the exhibit guide. She is currently co-director of a grant from the Institute of Museum and Library Services for the Moton Young Visitors Project, which will help to enhance the museum experience for visitors in grades 4-8.

Fergeson loves to teach. She continues to offer summer teacher workshops at the Moton Museum and at the Virginia Museum of History and Culture. When she gets to teach Longwood students, she teaches courses in United States, African American, and Virginia history.

Fergeson earned her MA and PhD in American History from Emory University in 2001 and her BA in Political and Social Thought from the University of Virginia in 1993. She is a native of Fairfax County, Virginia, and lives here in Farmville.
Sarah Karamarkovich (Kessler) graduated from Longwood University in 2015 with a BS in Psychology and BS in Mathematics. She earned her MS in Educational Psychology in 2017 from North Carolina State University. Sarah is still at NC State and is currently working on her PhD in Educational Psychology and Masters of Statistics. In 2017, Sarah received the National Science Foundation Graduate Student Fellowship.

Sarah’s research focuses on mathematics cognition, development, and motivation in elementary students. It can be broken down into three main areas: fraction misunderstandings and how certain errors co-occur; patterns of mathematics motivation throughout the school year; and the role of emotions in mathematics. She is interested in studying how these phenomena change throughout the school year and develop over time to understand what influences mathematics achievement by looking at the multifaceted aspects of student characteristics.
Office of Alumni and Career Services
8:45 A.M. – 4:30 P.M.

Kyle Hodges, Assistant Director of Campus Career Engagement, will be at table in the Blackwell Ballroom and the Upchurch University Center to help with career and grad school related needs. Any questions regarding networking in your field, resumes, job/grad school application documents, or career opportunities can be discussed by visiting Kyle. Please consider stopping by to connect!

Kyle will be available for consultation in the Blackwell Foyer from 8:45 A.M. – 2:00 P.M., and in the Upchurch University Center (at the Graduate Symposium Registration table) from 2:00- 4:00 P.M.

Digital Commons Information Tables
7:30 A.M. – 6:00 P.M.

Once students present their research, they (along with faculty) can see a demo of Digital Commons, Longwood University’s digital repository, and learn more about how to submit their research. Work included in the Digital Commons is accessible via Google and major search engines, and becomes findable through the Digital Commons Network.

Library Staff will be available for consultation in the Blackwell Foyer from 7:30 A.M. – 4:00 P.M., and in the Upchurch University Center (at the Graduate Symposium Registration table) from 1:00 - 6:00 P.M.

Awards Ceremony, 12:30 P.M. – 1:00 P.M., Bedford Atrium

Please join us as we acknowledge and celebrate our students who have gone above and beyond in their pursuit of research and creative inquiry! The awards ceremony will include the winners of the INCITE Journal of Undergraduate Scholarship awards, and students who are being recognized with the Longwood Excellence in Research and Inquiry Award.

Students who have been recognized with an award are noted by the colored ribbons on their name badges. Projects that have been published in INCITE are noted in the program.

The different colors of the Award Recipient ribbons indicate the following achievements:

*Light Blue*- Participated in an intensive research program, such as Longwood’s PRISM or CURIO program, or a Research Experience for Undergraduates outside of Longwood University

*Dark Blue*- Presented research at a scholarly conference or had a performance or exhibition of creative work outside of Longwood University

*Red*- Published an article in a peer-reviewed scholarly journal or received external funding to support an independent research and inquiry project

*Green*- Completed a Senior Honors Research Project at Longwood University

*Yellow*- Published in INCITE, the undergraduate research journal for the Cook-Cole College of Arts and Sciences at Longwood University

9:40AM – Zachary Morgan (Faculty Mentor Dr. Andrew Yeagley), “Investigating the Binding Energies of Paraben and Paraben Derivatives with the Estrogen Receptor”

Cormier Honors College Presentations
10:00AM – Abigail Pack (Faculty Mentor Dr. Brandon Haffner, ENGL 165) “The Relationship between Rape Culture and Rap Music”
Oral Presentations: PRISM, 9:00AM-12:30PM, Ruffner 116
Perspectives on Research in Science and Mathematics

9:00AM – Brianna LaFratta (Faculty Mentor: Dr. Maxwell Hennings), “An Analysis of Neurogenesis in a Mouse Model of Chemotherapy-Related Cognitive Impairment”
9:15AM – Joshua Walker (Faculty Mentor: Dr. Benjamin Topham), “Chemical control of single molecule electronics”
9:30AM – Meghan Hall (Faculty Mentor: Dr. Erin Shanle), “Investigating the effects of cancer mutations on the activity of p300”
9:45AM – Caitlin Harris (Faculty Mentor: Dr. Erin Shanle), “Investigating the effects of cancer mutations on the MRN complex in yeast”
10:00AM – Catherine Swinsky (Faculty Mentor: Dr. Brandon Jackson), “Shake a tail feather: finding the function of bird tails in slow flight”
10:15AM – Justin Moore (Faculty Mentor: Dr. Julian Dymacek), “Extended Applications of Distributed Non-Negative Matrix Factorization”
10:30AM - Break
10:45AM – Corri Calandra (Faculty Mentor: Dr. Jonathan White), “Synthesis of a cancer-targeting, choline- appended Pt anticancer therapeutic and characterization of its DNA target binding”
11:00AM – Brady Knight (Faculty Mentor: Dr. Thomas Wears), “The Geometry of Curves in Surfaces in 3-dimensional Lie Groups”
11:15AM – Sarah Elsakr (Faculty Mentor: Dr. Sarah Porter), “Spectroscopic and Chemometric Analysis of Petroleum Products for Forensic, Environmental, and Industrial Applications”
11:30AM – Alexis Wayland (Faculty Mentor: Dr. Troy Purdom), “Hyaluronic Acid Expression and Overtraining”
11:45AM – Charlotte Pfamatter (Faculty Mentor: Dr. Kathy Gee), “Evaluating Control and Mitigation Techniques for Mosquitoes in Rainwater Harvesting Systems”
12:00PM – Curran Atkinson (Faculty Mentor: Dr. Kathy Gee), “Best Treatment for Mosquito Larvae in Rainwater Harvesting Systems”
Oral Presentations: GAND 105 Students, 9:00AM-12:00PM, Bedford 209

Faculty Mentors: Dr. Wade Lough and Dr. Keith Cummings

Project: The Story of an Everyday Object

9:00AM- Kaitlyn White, Sarah Via, Phoebe Bills, Ethan Solga, “Comics”
9:40AM- Sarah Scott, Kaila Owens, Jacob Wasson, Jerian Brooks, “Credit Card”
10:00AM- Sydney Taylor, Brittany Davis, Ella Goodman, Crimson Johnson, Emily Cutliff, “Dolls”
10:20AM- Lauran Pitrone, Ran Tingen, Tillie Trudeau, Jaren Hollandsworth, “Cell Phones”
10:40AM- Jaelon Hairston, Zachary Westbrook, Sierra Walz, Kai Allen, Solian Stromberg-Brusco, “Alarm Clock”
11:00AM- Katherine Cameron, Stephen Bowen, Keelyn Haarhoff, Danielle Macvaugh, “Dishwashers”
11:20AM- Jordan Maes, Karina Montegross, Kristina Morales, Christopher Hartley, “Dictionaries”
Oral Presentations: BIOL 455 Students, 9:00AM-10:00AM, Martinelli Board Room

Faculty Mentor: Dr. Sujan Henkanaththegedara
Project: Invasive Species Biology

9:00AM- Saveya Patterson, Sarah Kamen, Erica Harris, Hartley Thacker, “Invasive Species: The Cunning Killers”
9:20AM- Alex Anderson, Rana Haboush, Angelica Romero, “Behind the scenes; how invasive species impact native species, ecosystems, and us”
9:40AM- Taylor Clements, Aryana DiPippa, Sam Kane, Tiffany Yun, “The Future of Invasive Species”
Oral Presentations: BIOL 251 Students, 10:00AM-12:00PM, Martinelli Board Room

Faculty Mentor: Dr. Sujan Henkanaththegedara

Spring Showcase for Research and Creative Inquiry

Graduate Symposium, 2:30 – 7:00 P.M., Upchurch University Center

Join the students from the College of Graduate and Professional Studies as they present their research. Disciplines include counseling, elementary and middle school mathematics, health and physical education, reading, literacy & learning, school librarianship, speech-language pathology, and special education.

- 2:30-2:45PM Opening Remarks
- 2:50-3:05PM 2-Three-Minute Thesis presenters
- 3:10-3:50PM Posters
- 3:50-4:05PM 2- Three-Minute Thesis presenters
- 4:10-5:00PM Oral presentations 1
- 5:10-6:00PM Oral presentations 2
- 6:10-6:25PM 3 Three-Minute Thesis presenters
- 6:25-7:00PM Reception & Awards

Junior Show for Studio Art and Graphic and Animation Design Programs, 4:00PM-6:00PM, Bedford Gallery

Please join the department of Theatre, Art, Graphic and Animation Design for the opening reception of the Junior Show. Held in Longwood’s Bedford Gallery, this yearly exhibition highlights the work of our junior class students in the Studio Art, and Graphic and Animation Design programs. We will also announce our scholarship recipients and the winners of the Greenwood Library Junior Art Award. Come by the Bedford Atrium from 4-6 pm to help us celebrate our students’ achievements in Art and Design!
Math and Computer Science Colloquium, 3:30 – 5:00 P.M. Hiner 207

Designed for a broad audience, Longwood's Mathematics and Computer Science Colloquium Series is an interesting and varied series exploring ideas, developments and careers in the fields of mathematics, computer science and mathematics education. This year we are pleased that the Longwood College of Education and Human Services and Longwood College of Business and Economics are co-sponsors of the series.

“Factory Scheduling in the Era of Supply Chain Innovation: A Practical Approach”

A rapidly changing, competitive marketplace along with the growing complexity of manufacturing systems makes it extremely critical to plan and schedule effectively. While in the past companies were stable enough to have the logisticians learn from experience and execute based on their judgement, it is continually more difficult for such approaches to provide cutting edge performance. Although long range planning and supply chain decisions are somewhat automated with sophisticated algorithms, currently short-term scheduling is still carried out by individuals, often using spreadsheets. The strides in theoretical research have had limited impact on actual practice. This talk aims at discussing why these barriers exist and attempts to offer proven solution techniques and insights to develop applicable computational methods for real-world scheduling problems.

The NEA BIG READ Author Visit, 7:00 – 8:00 P.M. Jarman Auditorium

The author of Burning Bright, Ron Rash, will discuss his book and the greater cultural impact of the included stories. Join us for discussion, reception, and book signing. Bring your copy, or pick one up at the reception/ Book signing. Reception to follow at 8:00 P.M. in the Ruffner Rotunda.

For more information about the BIG READ, visit us at https://libguides.longwood.edu/BigRead/home
