Dear friends,

On March 13th you sent me with your short letter, copy of Mr.Zwicky's research information. May you have my thanks. I am possessing now three exemplaries of those informations. Please see my letter of to-day to Frederick in Detroit.

It would be fine if you could accompany Mr.Frederick and his son Peter when they come to Switzerland. Meanwhile he will be in Frankfurt at the book-mess, you could stay here, see our little town, the surroundings, make trips in whole Switzerland. There is the possibility to travel not only in our land, but in most of the European lands by railway at very cheep prices. Please find enclosed a prospectus called Eurailpass. For shorter excursions, starting from herè, I could drive you in my little car, giving however place for 5 persons. It is not an american "battleship", but a Renault, built in France.

We are well, had a strong winter with so much snow, but now spring has come. In the mountains high quantities of snow are still lying and it is still possible to do skiing.

Again I hope to have your visit, may it be together with Frederick, or also without him at an other time.

Cordially yours

Peter
