GENERAL INFORMATION

HISTORY OF THE COLLEGE

State Teachers College represents the accumulation of educational efforts for more than a hundred years. Martin's Gazeteer of Virginia, published in 1835, records that there was at the time of the writing of the book, "1 female school" in Farmville. This was succeeded by the "Farmville Female Seminary" (called on its corner stone "Farmville Female Academy"), incorporated March 5, 1839, and changed by amendment March 21, 1860, to the "Farmville Female College." This college, under church and private management, enjoyed a long period of successful work, directed from 1873 to 1882 by Dr. Paul Whitehead and from 1882 to 1884 by the Misses Carter, of Mecklenburg County.

In the very beginning this institution as a state college represented the response of far-sighted educational statesmen to the needs of the public school system. The first state legislature to assemble after the adoption of the post-bellum constitution established, on July 11, 1870, a system of public schools. For twelve years or more the conduct of the schools was entrusted to such teaching forces as were found ready at hand. During this period it became evident to educational leaders that, if the returns were to be in any wise commensurate with their cost and the high mission of the system, some provision had to be made for the proper training of teachers. To meet this demand the Legislature, on March 7, 1884, passed an act establishing a State Female Normal School. On April 7, 1884, the property of the "Farmville Female College" passed from the hands of its joint stock company to the town of Farmville which, on the same day, deeded it to the State of Virginia as the site of the Normal School. In October of the same year, the school was opened with 110 students enrolled.

Since that time there have been three important landmarks in the history of the institution. In 1914 the Legislature changed the name to State Normal School for Women at Farmville and in January, 1924, to the State Teachers College at Farmville. In 1916 the College was authorized by the Virginia Normal School Board to offer a four-year curriculum leading to the B.S. Degree in Education. In 1935 it was authorized by the Virginia State Board of Education to offer courses leading to the standard A.B. degree, and in 1938 to offer courses leading to the standard B.S. degree. In January, 1938, the Board authorized it to offer curricula in business education.

PURPOSES

State Teachers College has three purposes:

- 1. To prepare students as teachers in various types of service in high schools and elementary schools. This is its primary purpose.
- 2. To provide a sound education for students who desire liberal arts degrees.
- 3. To provide training for students who expect to enter such fields as business, religious education, social work, nursing, medical technology and other medical services, and library work. In some instances, different curricula are provided in such fields. However, whether an outline of work is provided for a given occupational group or not, every student can, with the help of the faculty and college authorities, usually obtain whatever combination of courses he or she needs in preparing for further study or employment in practically any profession.

State Teachers College undertakes to help students preparing to teach to learn not only those things that are especially important for teachers but also other things that are important for educated people everywhere. It provides many courses in which the work is influenced by the particular type of teaching which the student is expected to enter. It provides for supervised practice teaching through which the student learns to teach by teaching and in consequence of which college courses become more meaningful and significant. It provides also for its students, even as do other colleges, courses in the fine arts, including literature, music, and art; foreign languages; mathematics; the natural sciences; history and the social sciences; philosophy and psychology.

STUDENT BODY

While the College is primarily for women, since the inauguration of the Veterans Training Program, men are admitted as day students. No dormitory facilities are available for men but they may obtain rooms in private homes in the community.

ACCREDITATION

State Teachers College is fully accredited as a professional school for the training of teachers and as a liberal arts college. It is accredited by the American Association of Colleges of Teacher Education, the Southern Association of Colleges and Secondary Schools, the National Association of Business Teachers Training Institutions, and the Virginia State Board of Education. It is a member of the Association of Virginia Colleges. Its curricula in nursing and medical technology prepare students for admission to accredited schools in these fields.

LOCATION

The College is located in the progressive and thriving town of Farmville, fifty miles from Lynchburg and approximately sixty-five miles from Richmond and Petersburg. The community is the business and educational center of this area of Virginia, with good schools, churches, and hotels. Located here also is the modern Southside Community Hospital.

Farmville is situated on the Norfolk and Western Railway. Serving it also are several bus lines, including the Greyhound and Trailways systems. Excellent highways leading in all directions intersect here.

The climate is pleasant the year around. The geographic location of the College assures the absence of extremes in temperature and weather.

THE CAMPUS

The buildings and equipment of the College have been provided and arranged primarily from the point of view of their usefulness and convenience. In size, number, and relation to one another the buildings give a pleasing effect because they fit in a well-conceived plan and serve the purpose for which they were designed. The whole plant is compact rather than scattered. The various structures are so related by connecting links that the student hardly knows when she goes from one building to another. Such an arrangement has the advantage of linking the student activities and the classroom work closely together. It enables students to move from one part of the College to another without exposure in bad weather. It saves time in that the classrooms, the laboratories, the assembly halls, the dining hall, and the dormitories are close together, and walking long distances is unnecessary. It gives the effect of the comfort and security of a well organized home. The furniture and draperies throughout the network of buildings are beautiful because they fit in a larger pattern that is satisfying.

The Dormitories

The dormitories consist of the second and third floors of the main group of buildings, including the five wings, and Cunningham Hall, which is a three-story brick structure, southwest of the main building. Every building is supplied with steam heat, electric lights, and hot and cold water with ample bathrooms on each floor. Every room is supplied with single beds and other necessary furniture. The rooms in Cunningham Hall are grouped in suites of two with connecting baths. Each building is supervised by a trained hostess who makes it homelike and comfortable.

The Dining Hall

The dining hall is located at the rear of the main entrance and is entered from the Rotunda. In this building are located the dining room, kitchen, bakery, refrigerating plant, and a recreation hall.

The dining room is in the form of a Maltese cross and will seat 1,000 students on the main floor, and 100 students in each of the two balconies. The kitchen and bakery to the rear of the dining room are modern in every respect with a capacity to meet the needs of the student body. The refrigerating plant on the ground floor provides for the proper preservation of foods. The recreation hall also on the ground floor is convenient for social gatherings after meals and on other occasions.

Lecture Rooms

In general the classrooms are on the first floors of the various buildings, which in effect constitute the main building. For the most part the classrooms of any given department are situated in the same section of the building. The classrooms are well-lighted and are supplied with comfortable chairs and slate blackboards. Efficient maid service keeps classrooms and halls clean and tidy. Drinking fountains are convenient to students in going from one classroom to another.

Science Laboratories

The departments of science are provided with well-lighted laboratories and classrooms, and are equipped with modern apparatus to meet the needs of students. They are also provided with departmental libraries, and all of the supplies necessary to make the students' work efficient, inexpensive, and pleasant. The Department of Biology is located on the ground floor of the postoffice wing of the main building while the Department of Chemistry and Physics is located in the Science Hall which is situated south of the main building.

The Arts Building

The departments of art, business education, and home economics are housed in the west wing of the main building. All laboratories are fully supplied with modern equipment. The large, well-lighted, and compact arrangement of classrooms for each type of work make for comfort and efficiency in these technical fields.

The Library

The library is conveniently situated on High Street west of the main building and parallel with it. It is ample, conveniently arranged, and modern in every respect. The stack rooms, reading rooms, lounging rooms, seminar rooms, and lecture hall are complete from the standpoint of service, comfort, and beauty. The library contains 46,884 bound volumes, more than 3,300 pamphlets, pictures and maps, 342 current periodicals, and 15 daily newspapers.

The Laundry

The laundry, a separate building, is equipped with all the necessary machinery for doing excellent work, and it is ample in capacity to meet the needs of the institution.

The Administration Offices

The main building faces the north and is situated about one hundred feet from High Street. It is a three-story brick structure, extending the full length of two blocks, giving the appearance of a continuous building. There are, in fact, five distinct buildings or wings which face the street. About midway between the Student Building, or the right wing, and the Arts Building, or left wing, is the main entrance to the Rotunda and the Reception Hall. Down the Hall on the left of the Rotunda on entering are the offices of the President, the Business Manager, the Treasurer, the Dean, the Executive Secretary, the Registrar, and the Alumnae Office. Down the hall to the right on entering are the offices of the Dean of Women.

Auditoriums

In the Student Building, which constitutes the east wing of the main building considered as a unit, is an auditorium seating approximately 200 persons which is used by the Young Women's Christian Association and for public lectures. In the building west of the Student Building and parallel with it is the general assembly hall or auditorium which seats over 700 persons.

Laboratory Schools

The laboratory schools in which students teach are operated jointly by the College and the local public-school authorities. The Elementary School is located on the campus, and the High School is located only four blocks away. Both schools are large enough, and yet not too large, to provide adequate opportunities for both pupils and student teachers. The buildings are well-equipped with laboratories, libraries, cafeterias, and work rooms. The principals and faculties of both schools are especially well qualified by training and experience for demonstration teaching and supervision of student teaching. The college program and the program of student teaching are co-ordinated through the Department of Education, which is responsible for the administration and coordination of the cooperative efforts of the faculty of the Elementary School, the faculty of the High School, and the special supervisors representing the various subject-matter departments of the College.

Student Activity Centers

The College, in both equipment and arrangement of buildings, provides for the needs and convenience of students in their extra-curricular activities.

Student Building. The Student Building is intended primarily to serve these ends. It is a large four-story building fronting High Street, parallel with the assembly hall, the administration quarters, and the library building. It contains a large lounge for social gatherings; an auditorium for the use of the Young Women's Christian Association and other public meetings; rooms for the Student Council, the Y. W. C. A. Cabinet, the publications, and specially equipped rooms for the honor societies and the sororities.

Gymnasium and Swimming Pool. On the ground floor of the Student Building are a modern gymnasium and the quarters of the physical education department. The gymnasium is well equipped for basketball, gymnastics, and many features of physical education. Just to the back of the gymnasium and opening into it is a swimming pool of modern design.

Athletic Grounds. The athletic grounds are ample in every respect. They meet the needs of all students interested in outdoor sports such as tennis, soft ball, hockey, lacrosse, and golf.

Recreation Centers

The Recreation Hall just beneath the dining room and back of the Rotunda is a beautiful hall in which hundreds of students assemble after dinner and on special occasions. Here they dance and sing, give their class stunts, and have good times in many ways.

The Student Building is a place for the more serious work of the student organizations, but it is also an important recreational center. The lounge, the auditorium, the Y. W. C. A. reception room, and the specially equipped sitting rooms for the use of various societies and sororities provide for recreational and social activities of many kinds.

The Longwood Estate, site of the birthplace of General Joseph E. Johnston, is now owned and maintained by the College. Here, in the atmosphere of the Old South, students are privileged to have teas, receptions, and week-end parties. The estate comprises one hundred and three acres of beautiful, rolling grounds with a nine-hole golf course. In a thickly wooded section of the place are a natural amphitheater where the May Day festivals are held, and a log cabin with out-of-door fire places where students go in groups for rest and recreation. Longwood is located one mile east of Farmville and is one of the oldest and most beautiful homes of Southside Virginia.

THE COLLEGE YEAR

The college year consists of a regular session, including two semesters of 18 weeks each, and a summer session of eight weeks. The student may enter in the summer or at the beginning of either semesters of the winter session. However, most students will find the beginning of the first semester in September the most convenient time for them to enter college.

DEGREES AND CERTIFICATES

The College offers professional training in the field of education that prepares students as fully certified teachers in elementary or high schools. Bachelor of Science degrees are offered in elementary, secondary, home economics, and business education. Bachelor of Arts degrees in secondary education are likewise offered.

The College offers also the liberal arts degrees of Bachelor of Science and Bachelor of Arts with majors in the following fields: art, biology, chemistry, English, French, history, Latin, mathematics, music, physical education, psychology and philosophy, social science and Spanish.

Students who complete the first two years of the curriculum leading to the B.S. degree in business education are awarded a two-year certificate and are prepared for clerical positions. Those who complete the first two years of the curriculum leading to the B.S. degree in liberal arts are able to satisfy the entrance requirements of schools of nursing, dentistry, and medical technology.

All curricula leading to teaching lead also to the Collegiate Professional Certificate, which is the highest certificate offered by the State Board of Education. Holders of the B.S. degree and B.A. degree may teach all subjects for which they have credit for 12 semester hours of college work, except in the case of certain special subjects, and may also teach in the sixth and seventh grades. They may teach in the lower grades, provided they secure credit for ten semester hours of college work in courses designed especially for teachers preparing to teach in the elementary schools. Students completing curricula not designed for teachers are, nevertheless, entitled to the Collegiate Certificate.

ADMISSION REQUIREMENTS

The following students are eligible to apply for admission to the College:

- 1. Graduates of public and private high schools accredited by the State Department of Education in Virginia or the accepted accrediting agency of any other state. (The State Board of Education has ruled that preference be given to Virginia students of academic and personal qualities of a high order who desire to teach.)
- 2. Those who are not graduates of accredited high schools but who pass an achievement examination given by the College, the State Department of Education, or the College Entrance Examination Board. Those who wish to take such an examination should make arrangements with the Dean of the College prior to the beginning of a term.
- 3. Advanced students transferring from other recognized colleges and universities. Such students are given a fair equivalent in credit for courses they have taken, provided they are entitled to honorable dismissal from other institutions they have attended and that they meet the other admission requirements of the College.

No specific number of high school units of credit in any subject is required for admission, provided the student has the necessary credits for graduation from an accredited high school.

In order to apply for admission, a student must take the following steps:

1. Submit the preliminary application blank found in the back of this catalogue. This must be accompanied by an application fee of ten dollars. The fee is applied to the first-semester account of students who are accepted for admission. It is returned to those whose applications are rejected. It is forfeited by those who fail to complete their applications and by those who fail to attend after their applications are accepted. (Checks and money orders should be made payable to State Teachers College.)

2. Fill out and return to the Dean of the College a detailed application blank that will be sent to her when the College receives the preliminary application blank.

3. If she has had less than one year of college study, take a scholastic aptitude test which is administered either by a school official in her

community or by an official of the College.

4. Request that the principal of the high school from which she was (or is to be) graduated submit to the College a transcript of her high school record on a form provided by the College. Students who have attended other colleges and universities must likewise request that the registrars of those institutions send to the Dean of the College complete transcripts of their records.

When the College receives the student's application, application fee, scholastic aptitude test (if any), and the transcripts of her record, its Committee on Admissions examines her qualifications carefully and notifies her as to whether or not her application is accepted. If it is, she and her parents are assured that in the opinion of an impartial committee she is qualified to undertake her college studies.

All communications regarding applications for admission should be sent to the Dean of the College, State Teachers College, Farmville, Virginia.

CREDITS AND COURSES

The credit hour, abbreviated as credit, is the "semester hour". Two credits are equal to one standard session hour. In general, a credit means one class period a week for one semester. For instance, a class meeting three hour periods a week for one semester gives three credits. Laboratory periods two hours in length give the same credit as lecture periods one hour in length. In some cases, where the nature of the work requires less preparation than the standard, as in the case of many courses in physical education, the courses may carry only one or two semester hours of credit.

The courses numbered between 100 and 200 are designed for first-year students; those between 200 and 300 for second-year students; those between 300 and 400 for third-year students; and those between 400 and 500 for fourth-year students. Not more than eighteen credits in courses numbered below 300 are allowed in the third and fourth years.

Student Load

The normal schedule of the student during any semester ranges from twelve to eighteen credits, the number of class hours varying with the number of laboratory periods. The average number of credits is sixteen. Students who wish to enroll in courses giving a total of less than twelve or more than eighteen credits must obtain permission from the Dean of the College. The health, previous academic record, and needs of the student will be considered in all requests for such permission.

Course Changes

All changes in courses in which students are enrolled must be approved by the Dean of the College. No student is permitted to enroll in a course later than the last day of the two-week period following the first day of a semester. Any student who withdraws from or "drops" a course after the instructors have made the mid-semester grade estimates will receive a grade of F for that course. The only exceptions to this regulation are in cases wherein the College Physician recommends withdrawal because of illness or accident.

Grades

The achievement of a student in her courses is indicated by the grades she receives. The significance of these marks is shown below:

A: Excellent E: Conditioned B: Good F: Failure C: Average I: Incomplete

D: Passing

The lowest passing grade is D. However, for a degree or a certificate a student must earn a general average of C (or a quality point average of 1.00) on all of her college work. She must have also a general average of C in those courses constituting her major subject or field. At times it is necessary that a student repeat certain courses or enroll in additional courses in order to raise her averages to these requirements.

At the end of the first half of each semester of the regular session, mid-semester grade estimates are issued to the students and their parents. These are not official grades. Instead, they represent the instructors' estimates of the students' progress up to that point. At the end of each semester, reports are issued to students and their parents showing their final grades in each course in which they are enrolled.

Quality Credits

The quality of work completed by a student is recognized by the assignment of points or weights to various grades. She receives three quality points for each semester hour of credit with a grade of A, two points for each hour of B, and one point for each hour of C. No points are given for

grades below C. Thus, a student who receives a grade of A in a course carrying three credits receives nine quality points. A grade of B would enable her to receive six points and a grade of C, three points.

On this basis a quality average may be computed by dividing the total number of quality points the student has earned by the total number of credits or hours of work in which she has been enrolled. Freshmen must earn a minimum cumulative average of 0.50 to be academically eligible to return for another session. Sophomores must earn a minimum cumulative average of 0.78 and juniors, 0.90.

Honors and Privileges

The Dean's List, which is open to all students who carry the required load of work, recognizes superior scholarship. To be placed on the Dean's List a student must have an average of B+ (2.25 quality points) on all work taken for the semester with no grade below a C. The student on this list may be absent from classes when she can use her time in ways that seem to her more profitable. A student may be removed from the Dean's List if her mid-semester grades do not meet the required standard.

Two honor lists will be announced at the annual commencement exercises. Those students who average nearer A than B on four years' work will be graduated "With High Honor". Those who average B or better but nearer B than A on four years' work will be graduated "With Honor".

DEFERRED EXAMINATIONS

Deferred examinations from the first semester must be taken within 30 days after the beginning of the second semester. Deferred examinations from the second semester or summer session must be removed in September, during the two days preceding the date set for the return of upper-classmen to the College.

GRADUATION REQUIREMENTS

The College awards the bachelor's degree to a student who has met the following requirements:

- 1. Completion of all study required in one of the seven curricula offered by the College.
- 2. Completion of a course of study giving a minimum of 126 semester hours of credit with a minimum general average of C (or 1.00 quality points) in all work taken and a minimum general average of C in courses taken in the major subject or field.

3. Attendance as a student for at least one session consisting of two semesters, including the last term immediately preceding graduation.

Not more than fourteen semester hours of correspondence work and not more than thirty semester hours of extension and correspondence work combined may be credited toward a degree.

CHANGES IN REQUIREMENTS

Progressive development in the College forces constant revision of curricula. In every new catalogue some improvements are indicated. When no hardship is imposed on the student because of changes and when the facilities of the college permit, the student is expected to meet the requirements of the latest catalogue. In this way the student may realize the benefits of improvement in her curriculum that she would be unable to realize were she to follow the curriculum tabulated in the catalogue at the time she entered college.

Students returning to the College after an interruption of their college study are expected to conform to the requirements of the latest catalogue.

SERVICE TO STUDENTS AND ALUMNAE

The College provides numerous types of services to its students and alumnae. Some of these are described elsewhere in this catalogue. Others of importance are described below.

Student Personnel Program

The College recognizes that the giving of information is only one phase of the student's education. It must also assist each student to develop in all areas of her life. It must be prepared to assist her in making plans for the future and in solving problems of the present. It must be interested in her as a person as well as a member of a class group. Therefore, every faculty member has guidance responsibilities involving work with students on a personal basis. Their work is coordinated by the Dean of the College who directs the student personnel program.

The work of the Home Department, headed by the Dean of Women, is likewise an integral part of the student personnel program. This department is responsible for student life in the dormitories and for the social activities of the students. It has intimate daily contact with all students and is in a position to assist them at all times with their social adjustment. Its work is coordinated with that of the faculty so that there is continuity and purpose in the personal assistance rendered to students throughout their college careers.

The Student Health Service, headed by the College Physician, cooperates in every way with other activities of the student personnel program. The physical condition of every student is a primary factor in her adjustment while in college and the cooperation of the Health Service, the faculty, and administrative officials, is considered essential.

Each student's contact with the student personnel program begins with the consideration of her qualifications by the Committee on Admissions when she applies for admission. At the time that she is accepted, the College already has a knowledge of her background, achievement, abilities, and interests. Soon after she matriculates at the College, each freshman is assigned an adviser who is likewise her instructor in at least one class. This faculty member is available at all times to give her assistance in making her plans and solving her problems in an intelligent manner. The office of the Dean of the College maintains extensive personnel records on each student in order that it may assist her and her adviser as they work together during the year.

The College recognizes that many students have not decided definitely on a specific course of study or vocation at the time that they enter as freshmen. Therefore, they are not required to make a choice at the time that they begin their studies. All freshmen take a general course. The required subjects in this are English, history or geography, a science, and physical education. In addition, they elect two courses in other subjects in which they are interested. This gives them an opportunity to "explore" during their freshman year in such a way that they are better prepared to make definite choices as to what they will study beginning with their sophomore year.

All freshmen are required to prepare major themes in their English course which deal with their interests, background, abilities, and ambitions. Thus, they have the opportunity to become better acquainted with themselves and vocations while developing a knowledge of English. These activities assist them in making their plans for the future.

The first week of each regular session is known as "Orientation Week" for freshmen and other new students. The administrative officials of the College, in cooperation with the members of the Y.W.C.A. and carefully selected students who serve as orientation leaders, conduct a program of study and activities which acquaint the new students with the customs, traditions, and regulations of the College. This program has proven to be exceedingly valuable to new students as they adjust to the life on the campus. Throughout the country, the College is known for the sincere interest shown by the student body, faculty, and administrative officials in the students beginning their study here.

Student Health Service

The Student Health Service of the College upholds the highest standards of physical and mental health and emphasizes the prevention of illness. An excellent health record has been maintained here because of the close cooperation between the College Physician and other departments that are in a position to assist in the promotion of student health. The Department of Physical Education works in close cooperation with the Service with a view of promoting physical fitness and correcting defects as well as the development of health consciousness.

The Service is staffed by the College Physician who is a part-time member of the College staff, a full-time registered nurse, and a registered nurse employed on a part-time basis.

Medical Certificate. After a student's application for admission has been accepted by the Committee on Admissions, she is required to submit a medical certificate from the family or other physician stating that she is in good health and not handicapped with physical defects that will permanently disqualify her for college work. The College provides a special blank for this purpose.

Entrance Examination. Soon after a student matriculates, she is given an examination by the College Physician to determine her fitness for the various activities in the physical education program. The results of this examination are given to the Department of Physical Education. Every student is required to take some form of physical exercise.

Periodical Examinations. Periodical examinations are given in order to observe the progress of cases limited in activities by the entrance examinations.

Special Examinations. Special physical examinations are given to students by the Service when they are requested by the Department of Physical Education.

Infirmary Service. Students needing medical attention are treated in the modern infirmary maintained by the College. This is well equipped and can accommodate more students than normally require medical attention at any one time. It is housed in a separate building connected with the Main Building. Daily sick call is held there at a time which is most convenient to the students.

The infirmary gives a twenty-four hour service with a nurse available at all times. The College Physician is available on call at any hour. The College does not assume responsibility for any medical attention except that given by the College Physician and by the nurses. Consultants, specialists, dental work, operations, hospitalization, private nurses, special

prescriptions, x-rays, other laboratory work, etc., are at the expense of the student. The College Physician communicates with the parents immediately in case of serious illness.

The Southside Community Hospital is located only a few blocks from the College in Farmville. It is well equipped and in charge of a capable staff of physicians and surgeons. The College Physician is a member of the staff.

Health Regulations

All students are required to abide by the regulations of the Student Health Service. These are summarized below.

- 1. All medical excuses, whether illness is on or off campus, and whether the student is treated by the College Physician or her private physician, must come from the College Physician.
- 2. Off-campus students living in their own homes enjoy all the benefits of the Student Health Service except infirmary room service. The College personnel, however, are not entitled to the use of the Service.
- 3. A student sufficiently ill to be confined to bed is not allowed to remain in a dormitory. She must be in the infirmary where she may have medical attention and the care of the nurses. No excuses are given unless this rule is observed.
- 4. The hostess in charge of each dormitory or residence hall must report any cases of illness to the infirmary.
- 5. Hostesses or the heads of homes in which off-campus students are living are required to report without delay to the infirmary any cases of illness which may occur among the students in their homes.
- 6. Students at home on account of illness are required to notify the College Physician immediately upon their return to college.
- 7. Students who have been exposed to any infectious disease must report to the College Physician before attending classes or mingling with other students.
- 8. Students living in their homes or off-campus students who have been ill with infectious disease must report to the College Physician before resuming classes.
- 9. Consulting physicians are called at the request of either the student or her parents or guardian, but in all cases the consultant must be called by the College Physician.
- 10. Appointments with outside physicians or with dentists involving excuses from classes must be made by the College Physician.

Student Records

A complete record of every student's work is kept in the office of the Registrar. At the end of each semester every member of the faculty reports to the Registrar the record of the achievement of each student in each of her courses. As soon as possible thereafter, the parents or guardians are sent the complete record of the student's work for the semester.

The College not only keeps the records of students on file but it makes provision for sending, on demand, transcripts of such records to other institutions. For example, the student who, for any reason, wishes to have her credits transferred to another college or university or to another state for purposes of securing a teaching certificate there, informs the Registrar. Her credits are then transferred immediately.

Certificates

All certificates to teach in Virginia are issued by the State Board of Education. When a student completes the prescribed course of study, the Registrar sends a transcript of her work to the State Board of Education which, in turn, issues the appropriate certificate to the student.

Placement Service

The College maintains a placement service, headed by the Executive Secretary, for the benefit of its students and alumnae. Notices of vacancies are secured from superintendents, principals, supervisors, and alumnae. The character of a position and the qualifications of available graduates are given careful study, and the best person in the estimation of the authorities is recommended.

In order to secure the best possible service, administrative officials should state clearly the character of positions to be filled, and the alumnae needing help should state clearly their needs and promptly make known their acceptance of positions or change in positions.

Association of Alumnae

The Association of Alumnae serves both the College and its former students. It keeps the alumnae informed of the activities of the College and keeps the College informed as to the problems and needs of the alumnae. The Association of Alumnae is a kind of clearing house through which the alumnae and the College can work together to their mutual benefit. It also serves to keep former students of the College interested in one another by organizing them into local associations and bringing them back to the College on special occasions.

The Association operates in many ways. It keeps a record of former students, holds reunions, aids worthy students through the Fraser Memorial Loan Fund, Cunningham Memorial Loan Fund, and Jennie Masters Tabb Memorial Fund, and organizes local chapters of alumnae in counties and cities. It makes available the college news through *The Rotunda*, the weekly publication of the College and the Alumnae Magazine, and brings to the attention of the College the achievements and needs of individual alumnae. It holds an annual meeting at the College on Founders Day in March.

EXPENSES

The cost of attending the College is quite moderate. This is due to the State's effort to bring within the reach of worthy students the advantages of a liberal education and to supply its public schools with adequately-trained teachers. Outlined below are the charges made to both boarding and day students.

Boarding Students

The vast majority of the students are boarding students and live on the campus. Excellent provisions are made for them in the dormitories and in the dining room. Each dormitory room is supplied with single beds, mattresses, and other necessary furniture. All buildings are supplied with modern conveniences, with an abundance of hot and cold water and plenty of bathrooms. The dining room and kitchen are furnished with modern equipment and conveniences. Trained and experienced managers are in charge of the dormitories, kitchen, and dining room. Only the best quality of foods is used. All laundry work is done in a modern laundry owned by the College.

The following charges are made to boarding students for the ninemonth session:

*Board, room, and laundry, \$159.75 per semester \$3	19.50
College fees (except laboratory fees), \$63.00	
per semester	26.00

Laboratory fees vary according to the courses in which they are charged. Their amount may be determined by reference to the descriptions of courses elsewhere in this catalogue.

^{*}Because of the uncertain conditions prevailing with respect to the cost of operating the institution, the College reserves the right to change its rates at any time throughout the year to meet such additional costs.

Each boarding student must provide her linen. She should bring with her an adequate supply of towels, and at least four single sheets, two pillow cases, two single blankets, and two single spreads.

Day Students

Some students live in the community rather than on the campus. These include all male students and some women students. They are offered the same educational opportunities as are the boarding students but, of course, they are charged only the college fees of \$63.00 per semester and the laboratory fees.

Out-of-State Students

Students who are not residents of Virginia are charged a tuition fee of \$50.00 per semester in addition to the other fees and charges described above.

Method of Payments

All fees for the semester are paid before entering classes. Board is payable by the semester in advance. For those who find it more convenient, board and college fees may be paid in four installments of \$111.38 each, payable in advance. Students are not allowed to register for any semester at the College until all previously incurred college expenses have been paid or adequately secured. The student is expected to pay her own bills. Consequently, parents should make checks for all fees and board payable not to the treasurer of the College but to the student. No credit for college work may be given to any student for a diploma, a teacher's certificate, or for transfer purposes until all financial obligations to the College, other than student loans, have been paid.

Refunds

Fees: A student withdrawing from the College within ten days after registering shall have refunded in full all fees except the sum of \$10.00 to cover the cost of registration. If she withdraws or is dropped from the rolls for any cause after the tenth day of the semester, no refund shall be made for that semester except in the case of illness, when the refund shall be prorated upon presentation of a certificate from the College Physician or some other reputable medical practitioner.

Board, room, and laundry: A student withdrawing from the College before the end of a semester shall be charged for table board for the time she was actually in residence at the monthly, weekly, or daily rate as the case may be. No refund will be made for room rent for the semester.

Guests

Students entertaining guests in the College dining hall are charged seventy-five cents for each meal. The crowded condition of the dormitories makes it inconvenient to have over-night guests.

Former students of the College are always welcome, and are not charged for meals or accommodations for a period not exceeding two days. Those who remain for a longer period may secure meals and room accommodation at the rate of \$4.00 a day. It is requested that the Dean of Women be notified in advance of a contemplated over-night visit to the College by former students.

FINANCIAL ASSISTANCE

The College offers three types of financial assistance to students in need of such aid: part-time employment, scholarships, and loans.

Part-Time Employment

A limited number of part-time positions are available each year in the dining room, library, and offices of the College. Application for these should be made to the President of the College before June 1.

Scholarships

The General Assembly of Virginia has provided a number of scholarships valued at \$300.00 each to be granted to junior and senior students in Virginia colleges who are residents of Virginia and who are enrolled in approved courses for preparing teachers for the elementary schools.

Students who are granted these scholarships at \$300.00 for the junior year and \$300.00 for the senior year, may cancel the entire \$600.00 indebtedness plus interest by teaching four years in a state public elementary school. In case a student decides not to teach she must pay off the notes when due.

Summer Session Scholarships: The General Assembly has provided summer session scholarships, not to exceed \$100.00 each for the full summer term, for those who can qualify under any one of the following headings:

- 1. A college graduate without any Virginia teacher's certificate.
- 2. A college graduate with a four-year non-renewable Collegiate certificate.

3. A holder of the Emergency teachers license who has taught successfully for one or more years.

These obligations may be cancelled by teaching one year immediately following the summer term.

Mary White Cox Memorial Scholarship

The Prince Edward County Chapter of Alumnae will award to an outstanding girl graduating from the Worsham High School or the Farmville High School in June, 1948, the sum of \$50.00 to be applied on her expenses at the College for the session of 1948-49.

Loan Funds

Unless it is otherwise noted in the descriptions of the funds listed below, applications for loans should be made to the President of the College. Except in cases where a different rate is indicated, all loans bear four per cent interest.

Alpha Kappa Gamma Scholarship

This scholarship is awarded annually in memory of Edith Stevens, Associate Professor of Biology at State Teachers College from 1925 to 1945. The award is available for a freshman selected on the basis of ability, character and need by a committee of members of the society in cooperation with the Admissions Committee of the College. This loan scholarship amounts to \$100.00. Interest at 2% begins on the date of graduation or upon leaving college.

Alpha Phi Sigma Loan Fund

This fund was established in 1931 by Alpha Phi Sigma Society. Loans are made to students who need financial assistance in their college course.

Alpha Sigma Alpha Loan Fund

This fund was established by the Alpha Sigma Alpha Sorority March 6, 1937, for the benefit of deserving students who need financial help.

Alpha Sigma Tau Loan Fund

This fund was established by the Alpha Sigma Tau Sorority in March, 1942, for helping worthy students who need financial aid to complete their college course.

Carrie Fowles Memorial Loan Fund

This fund was established in 1945 by the will of Mrs. Lula Bradshaw Turpin in memory of Carrie Fowles, who was a student at the College in 1889. It is to be used as a means of aiding worthy students who need some assistance.

Cunningham Memorial Loan Fund

The alumnae of the College who were graduated during the administration of Dr. John A. Cunningham, from 1886 to 1896, raised a fund, intending to establish a scholarship in memory of his faithful and loving service to them and to the State, feeling that the most fitting tribute that could be paid him would be the effort to give to those who are unable to obtain it for themselves the training for the work to which he devoted his life. When this fund amounted to \$1,000 it was changed from a scholarship to a loan fund.

Daughters of the American Revolution Loan Fund

The Daughters of the American Revolution have established a student loan fund for the aid of worthy students in Virginia colleges. Not more than \$300 is available for any one institution, and no student may borrow more than \$300, or more than \$150 in one session. This loan is available only to juniors and seniors.

Dramatic Club Loan Fund

This fund was established by the Dramatic Club, March, 1940, for helping worthy students who need financial aid in order to complete their college course.

Gamma Theta Alumnae Loan Fund

This fund was established by the Gamma Theta Sorority Alumnae Chapter on March 21, 1936, at the Silver Anniversary of the sorority. This fund is dedicated to Dr. Jarman, late President of the College, and Alma Mater as a testimony of loyalty and appreciation.

Gamma Theta Loan Fund

This fund was established by Gamma Theta Sorority, in March, 1934, at the Golden Anniversary of the College. Its purpose is to assist worthy students who need help in their college expenses.

Jennie Masters Tabb Memorial Fund

The alumnae and friends of Jennie Masters Tabb, Registrar of the College and secretary to the President from 1904-1934, established in 1935 a loan fund in her memory. This fund is to be used to aid worthy students.

J. L. Jarman Loan Fund

The Norfolk Chapter of the Alumnae Association established in 1942 a loan fund in honor of Dr. J. L. Jarman. This fund is to be used to aid worthy students.

Junior Woman's Club Loan Fund

This fund was established by the Farmville Junior Woman's Club in 1938. Its purpose is to assist worthy local students who need help in their college expenses.

Knights Templar Educational Foundation

This loan fund was established by the Knights Templar of Virginia for the aid of worthy students. It makes loans to juniors and seniors, sons or daughters of Masons residing in Virginia, of not more than \$225.00 per year for each or either of those two years. Interest is charged at the rate of 5% per annum beginning July 1st after graduation or after leaving college, whichever is earlier. For further information write to Mr. W. Norvell Woodward, Secretary-Treasurer, 4528 Seminary Avenue, Richmond 22, Virginia.

Mary White Cox Memorial Loan Fund

This fund was established in 1945 as a memorial to Miss Mary White Cox by a gift from an alumna of the College. It is to be used as a means of aiding worthy students.

Mu Omega Loan Fund

This fund was established in 1930 by the Mu Omega Sorority for the purpose of helping students who need financial assistance in order to pursue their college course.

Pi Kappa Sigma Loan Fund

This fund was established by Pi Kappa Sigma Sorority, March, 1939, for helping worthy students who need financial aid in order to complete their college course.

Prince Edward Chapter Alumnae Loan Fund

This fund was started as a branch of the Virginia Normal League. For years many Prince Edward County girls received assistance from this fund without interest. Loans are made now at a small rate of interest. Applications for loans should be made to Mrs. W. J. Sydnor, Farmville, Virginia.

Robert Fraser Memorial (The Virginia Normal League) Loan Fund

The Virginia Normal League, organized by Dr. Robert Fraser in 1899 as a means of establishing a student loan fund, has been changed in name to the Robert Fraser Memorial Loan Fund. This fund has been maintained in times past by annual membership dues of one dollar, and by voluntary contributions. Today the return of loans is the chief source from which loans are made to students now making application for help from this organization. Miss Ottie Craddock is Secretary of this loan fund and it is to her that all payments on past loans should be made. Application for help from this fund should be made to the President of the College.

State Student Loan Fund

The College has a loan fund, appropriated by the State, for assistance to students. Not more than \$200 per session is granted to any one student.

Tri-Sigma Loan Fund

This fund was established by Sigma Sigma Sorority, at the Golden Anniversary of the College in March, 1934, for helping worthy students who need financial aid in order to complete their college course.

United Daughters of the Confederacy Loan Fund

The Virginia Division of the United Daughters of the Confederacy has established the Kate Noland Garnett Loan Fund. This loan amounts to \$150 and is granted to a sophomore, junior, or senior who is a lineal descendant of a Confederate soldier. Other scholarships or loans may be available. Applications should be made to Mrs. W. C. N. Merchant, Chairman, Committee on Education, Virginia Division, United Daughters of the Confederacy, Chatham, Virginia.

Zeta Tau Alpha Loan Fund

Zeta Tau Alpha, which was founded at the College in 1898, has established a student loan fund honoring the memory of one of its founders, Maud Jones Horner. The fund is used to aid deserving seniors. Loans are interest free.

MAJOR PHASES OF STUDENT LIFE

In recent years much has been written about the education of the whole individual. In this institution, in order to provide for a well-rounded development, the life of the student is considered from several points of view. Some of the more important phases are the physical, the moral and religious, the social and recreational, and the academic and professional.

Physical Life

The physical life of the student supplies the foundation for her liberal education and success. However important other things may be, a strong, healthy body is fundamental. Consequently, every possible precaution is taken to safeguard student health and to develop a strong constitution. By providing regular physical examinations, well heated and ventilated dormitories, and balanced meals, the College seeks to protect its students against disease, improve their power of resistance, and develop their capacity to work without strain. Through athletics, dance, and regular exercise, the students not only find recreation but also maintain health and vigor.

Despite all possible precautions against disease some illness naturally occurs. Therefore, the College maintains a modern infirmary in charge of a physician and trained nurses. There is available also in Farmville the Southside Community Hospital for any cases that may require hospitalization.

Moral and Religious Life

The moral and religious aspects of education are considered as important as are the physical and intellectual. During the history of the College a tradition of good will, cooperation, and high standards of personal relationship has developed. Such a stabilizing influence cannot be described; it can be appreciated only through living in the atmosphere it engenders. But this intangible influence is experienced by both students and faculty to such a degree that it has become a distinct moral force in the whole college community.

The College is a home in which everyone is expected to do his part and share in a give-and-take relationship with others. Certain modes of life are prized and valued because in a long history they have proved their worth and are therefore meaningful and significant to all. In such an atmosphere it is difficult for the young student to fail to develop high ideals and a wholesome moral outlook on life. The Young Woman's Christian Association, of which all students are members, is a strong religious force in the community. It provides training and experience for the officers and others interested in religious work. The brief devotional exercises conducted by the ministers of the town, the President of the College, and members of the faculty at a weekly Chapel program give students a rest from class work and time to reflect on spiritual matters. The Y.W.C.A. conducts daily evening prayer services, holds special weekly Morning Watch services, urges attendance at church school and church, and fosters a spirit of religious life and service. Under its auspices the World Week of Prayer is observed, mission study classes are conducted by the faculty and others, a series of addresses by some Christian leader is given each year on the fundamental principles of the Christian religion, and noted speakers representing the international point of view address the students on important current movements.

Students are also encouraged to participate in the religious life of the community. They receive a cordial welcome from the ministers of the town to attend their church functions, which include regular Sunday services, prayer meetings, Sunday School classes, and social gatherings. Special leaders, working with students through the medium of student organizations, are provided by many of the churches.

Local churches include the Baptist, Episcopal, Lutheran, Methodist, Wesleyan Methodist, and the Presbyterian. The Roman Catholic Church holds Mass each Sunday in the Lounge of the Student Building. Where there is no organized church leadership, as in the case of the Christian Scientists, students of the respective faiths usually have contact with local residents having similar church affiliations.

Social and Recreational Life

The individual with a well-rounded and balanced personality is social in outlook and attitude. She is able to work and to play with other people. The community life in the College makes it easy for the students to participate in social life in many ways. There are a number of activities in which the recreational and social life are very closely related.

In the recreational halls students gather for dances. In the parlors they entertain their friends. They have several dances a year to which young men and women are invited from outside the institution. The Y.W.C.A. reception for freshmen during the opening week of the College where the new students meet the upper classmen and the faculty is a delightful occasion for all. The Founders Day celebration in March, in which the students, the alumnae, and the friends of the College all participate, is one of the great events of the year. The Mardi Gras Ball is a time of fun-making and jollity. The College Circus given every year by the

student body is a notable event in the whole community. The May Day Festival, an annual celebration held in the Amphitheatre at Longwood, features the crowning of the May Queen, and involves pantomime and dancing by students. The Athletic Association offers an opportunity for all students to participate in the numerous sports through class tournaments and varsity competition.

Some of the more important social and recreational activities consist of a series of entertainments provided by musicians, actors, dancers, and speakers and presented in the auditorium at intervals throughout the college year. The College Choir and the Choral Club offer an opportunity for many students to participate in programs for the entertainment and recreation of the whole college community. The Dramatic Club offers a similar opportunity to students with some talent in the dramatic arts.

Participation in activities of this kind lends meaning and significance to life. The students learn through the experiences thus provided to appreciate and enjoy the best cultural elements. They learn to entertain themselves, to live together in a dignified, yet informal, atmosphere of culture and refinement.

Academic and Professional Life

The academic and professional life of the College constitutes the main emphasis to which all other activities are secondary and contributory. It centers around the courses of instruction offered in the various departments of the College. Some courses are primarily cultural, liberal, and broadening in outlook. Others are primarily professional and designed to prepare students definitely for teaching in the elementary and secondary schools of the State. In still others academic scholarship and the professional spirit are very closely combined.

The spirit of the class work is free and natural. The members of the faculty and the students work together as members of a large family in which every one is expected to do his part. The students accept their instructors as friends and guides. Through such a spirit of fellowship and good-will are developed initiative, cooperation, responsibility, self-control, and other intangible qualities of personality and character. The method and spirit of the classroom are considered by the faculty as important as the content of the courses. More emphasis is placed on perspective and professional outlook than on routine and mechanical performance. The controlling ideal is a well-rounded personality capable of adjustment to the demands of a changing civilization rather than the mechanically trained expert. The more serious work of the classroom is not separated in spirit and method from other activities; it is rather an integral part, although a more serious part, of the whole life in the institution.

PROGRAM OF STUDIES AND ACTIVITIES

The college educational program includes both the studies and the extra curricula activities. The curricula are described in terms of courses and the extra curricula are described in terms of student organizations. The courses in the various curricula are listed in tabular form, pp. 52 to 59 and the student organizations to which the extra curricula are related are listed on p. 50. The various courses are described in detail in the Departments of Instruction on p. 60 and the extra curricula are described in detail under the head of Student Activities on p. 91.

Information in regard to required courses, majors, and electives may be found in the descriptions and tabulations of courses. Information in regard to student organizations is supplied in the descriptions of student activities on pp. 91-97.

Outlined on the following pages are the requirements for graduation and the program of study in each of the curricula offered by the College. As these indicate, all freshmen are enrolled in a program of study which is essentially the same regardless of the curricula in which they plan to specialize or major. During the first year, a student studies English, history or geography, a science, physical education, and two courses which she elects on the basis of her tentative plans for the future. In the outline of each curriculum, suggestions are made regarding the fields in which it is usually advisable to enroll for these electives.

CURRICULA PROVIDED

- Curriculum I. Leading to the B.S. Degree in Education and to teaching in the elementary schools.
- Curriculum II. Leading to
 - A. B.S. Degree in Education and teaching in the secondary schools.
 - B. B.S. Degree in Education and teaching in the primary grades as well as in the secondary schools for students who elect 10 credits in approved courses in Curriculum I.
 - C. B.S. Degree in Education and teaching in the secondary schools and preliminary preparation for social welfare work for students who receive 30 credits in sociology and social psychology, 9 credits in economics, and 12 credits in biology.

- Curriculum III. Leading to the A.B. Degree in Education and to teaching in the secondary schools.

EXTRA CURRICULA PROVIDED

- I. Student Government Association
- II. Young Women's Christian Association
- III. Athletic Association
- IV. Student publications
- V. Honor societies
- VI. Student clubs
- VII. Sororities

CURRICULA AND MAJORS

All curricula provide for both a liberal education and specialization according to the particular interests of the student. Although the student at the beginning of her freshman year may select the curriculum she expects to enter, her decision at that time is not final. She may change as late as the beginning of the sophomore year without loss of credit.

Students who select Curriculum I, Curriculum IV, and Curriculum V are not expected to take a major in any one subject matter field, but those enrolled in other curricula tentatively select a major at the beginning of the freshman year. If a student decides to change to another curriculum, she may do so at the beginning of the second semester of the freshman year, or at the beginning of the first semester of the sophomore year.

A major in Curriculum II or Curriculum III requires 18 to 24 semester hours credit, and a major in Curriculum VI or Curriculum VII requires 24 semester hours credit. No minors are required, but the student is advised to take at least 12 semester hours in each of several fields. Only those who have at least 12 semester hours college credit in a subject are certified to teach that subject under the present state regulations.

Ordinarily, a student preparing to teach should not take more than 24 semester hours in any one field, but in special cases with the approval of the Director of Teacher Education she may do so. Students who are not preparing to teach should seek a broad background in several fields, usually in subjects closely related to the major field. Care in selecting sequences of courses should prepare the student to change majors without losing credit, supply her with a broad general education background, and qualify her to teach two or more subjects in the high school.

Majors for students in Curricula II, III, VI, and VII are offered in the following fields:

Art

Biology

Chemistry

English French

Geography

History

Latin

Library science

Mathematics

Music

Philosophy and psychology

Physical and health education

Social science

Art X441. Painting: Water Color.

Either semester; 6 periods a week; 3 credits. Student will furnish all MISS BEDFORD, MRS. LEMEN materials.

BIOLOGY

Mr. Jeffers, Mr. Brumfield, Mr. Higginbotham, and Assistants

· Biology X131 and X132 (General Biology) is prerequisite to all other courses offered in the Department. After the satisfactory completion of the first year, a student may elect any of the more advanced courses.

Students desiring to major in biology may take any combination of courses beyond the first year in order to obtain the required number of credits as set forth elsewhere in this catalogue.

Physics and chemistry are fundamental to an adequate understanding of biology. Further, biology teachers in high schools are frequently called upon to teach general science. For these reasons, students intending to major in biology are urged to elect general chemistry and general physics early in their college course. Biology majors are also advised to elect both mathematics and a foreign language, so that they may not be handicapped if they wish to pursue graduate work.

Laboratory fees must be paid at the Treasurer's Office before entering classes.

Biology X131, X132. General Biology.

First and second semesters; 2 single and 2 double periods a week; 4 credits each. Fee: \$3.00 each semester. Prerequisite to all other courses in the department.

Mr. Jeffers, Mr. Brumfield, Mr. Higginbotham and assistants

Biology X231, X232. Botany.

First and second semesters; 2 single and 2 double periods a week; 4 credits each. Fee: \$5.00 each semester.

MR. BRUMFIELD

The first semester treats morphology and physiology; the second, taxonomy, ecology and horticulture.

Biology X331. Invertebrate Zoology.

First semester; 2 single and 2 double periods a week; 4 credits. Fee: \$5.00.

MR. JEFFERS

Biology X332. Comparative Anatomy.

Second semester; 2 single and 2 double periods a week; 4 credits. Fee: \$5.00.

MR. JEFFERS

Biology X341. Embryology.

Second semester; 2 single and 2 double periods a week; 4 credits. Fee: \$5.00. Alternates with Biology X342; not offered in 1948-49.

MR. HIGGINBOTHAM

Biology X342. Field Biology and Ecology.

Second semester; 3 double periods a week; 3 credits. Fee: \$1.00. Alternates with Biology X341; offered 1948-49. Students electing this course should arrange to have a few Saturday mornings free for field work.

MR. HIGGINBOTHAM

Biology X343. Parasitology.

First semester; 2 single and 1 double periods a week; 3 credits. Fee: \$5.00.
Alternates with Biology X334; not offered 1948-49.

MR. HIGGINBOTHAM

Biology X334. Entomology.

First semester; 2 single and 1 double periods a week; 3 credits. Fee: \$1.00. Alternates with Biology X343; offered 1948-49. Students electing this course should arrange to have a few Saturday mornings free for field work.

MR. HIGGINBOTHAM

Biology X351. Physiology.

First semester; 3 periods a week; 3 credits. Repeated second semester upon demand.

Mr. Jeffers, Mr. Higginbotham

Biology X352. Genetics.

Second semester; 3 periods a week; 3 credits.

Mr. BRUMFIELD

Biology X361. Bacteriology.

First semester; 1 single and 3 double periods a week; 4 credits. Fee: \$5.00.

Mr. Brumfield

Biology X362. Mammalian Anatomy.

Second semester; 1 single and 3 double periods a week; 4 credits. Fee: \$5.00.

MR. JEFFERS

May be taken only with the consent of the instructor.

Biology X353. Laboratory Aids and Techniques.

Second semester; 2 double periods a week; 2 credits. Fee: \$5.00.

MR. BRUMFIELD AND STAFF

Biology X430. Biological Seminar.

Offered both semesters, and may be repeated for credit by a student. In that event the number will be X431, X432, etc. One period a week; 1 credit.

Mr. Jeffers and staff

Open only to a few qualified students subject to the approval of the head of the department.

CHEMISTRY AND PHYSICS

MR. McCorkle, Miss Burger, Mr. French

This department offers courses in general, organic, physiological, and analytical chemistry, general physics, and general science.

A major in chemistry requires 24 semester hours of chemistry or 20 semester hours of chemistry and physics X331 and X332. Since physics is essential to a thorough knowledge of chemistry, the major consisting of chemistry and physics is recommended if the student's work can be arranged to permit it.

Since very few high schools offer enough chemistry to employ a fulltime chemistry teacher it is best that a student with a chemistry major elect physics and biology. By so doing she is prepared to teach the other sciences offered in the high schools.

Students planning to go into nursing or other fields of medicine are advised to select their courses to meet the entrance requirements of the institution of their choice. They are enrolled in Curriculum VII, and such adjustments in courses are made in requirements as are necessary to meet their needs.

Chemistry

Chemistry X121, X122. General Chemistry.

First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$5.00 each semester.

MR. FRENCH

Chemistry X221, X222. Organic Chemistry.

First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Prerequisite: Chemistry X122. Laboratory fee: \$6.00 each semester.

MR. McCorkle

Chemistry X224. Introduction to Physiological Chemistry.

Second semester; 2 single and 2 double periods a week; 4 credits. Prerequisite: Chemistry X221. Laboratory fee: \$6.00.

MR. McCorkle

Chemistry X321. Quantitative Analysis (Volumetric)

First semester; 4 double periods each week; 4 credits. Laboratory fee: \$6.00.

Prerequisite: Chemistry X122.

MR. McCorkle

Chemistry X322. Quantitative Analysis (Gravimetric)

Second semester; 4 double periods a week; 4 credits. Prerequisite: Chemistry X321. Laboratory fee: \$6.00. Mr. McCorkle

Chemistry X323. Qualitative Analysis.

Second semester; 4 double periods a week; 4 credits. Prerequisite: Chemistry X321. Laboratory fee: \$6.00.

MR. McCorkle, Mr. French

Chemistry X341, X342. General Chemistry.

First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$5.00 each semester. MR. FRENCH

Similar to Chemistry X121, X122, but designed as a beginning course for juniors and seniors.

Physics

Physics X131, X132. General Physics.

First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$6.00 each semester.

MR. McCorkle

Physics X331, X332. Selected Topics in General Physics.

First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$6.00 each semester.

MR. McCorkle

General Science

Science X141, X142. Physical and Biological Science.

First and second semesters; 4 periods a week; 4 credits each semester. Laboratory fee: \$2.00.

Miss Burger

Science X342. Science for Elementary Teachers—Required in Curriculum I.

Second semester; 4 periods a week; 4 credits. Laboratory fee: \$3.00.

MISS BURGER

BUSINESS EDUCATION

MR. LANDRUM, MISS CRADDOCK, MR. MYERS, MR. SNEAD, MRS. WYNNE

The Department of Business Education meets the needs of students preparing to teach business subjects and students preparing for positions in the field of business. The courses offered in Curriculum V are cultural as well as vocational. This curriculum, which is tabulated on pages 56-57, leads to:

- 1. The B.S. Degree and to teaching business subjects in the high school.
- 2. The B.S. Degree and to positions in the field of business.
- 3. The B.S. Degree and to positions as medical and technical secretaries.
- 4. A two-year certificate and to clerical positions for students who complete the first two years.

Courses in the Department are also offered as electives for students in other fields. Those who are not preparing to teach should substitute for the required courses in education certain others in the Department of Business Education or in other departments that will prepare them definitely for specific types of work in which they are interested. Such substitutions must be approved by the head of the Department.

Those who desire to qualify for positions in teaching business subjects and for positions in business should follow the tabulation of Curriculum V, pages 56, 57. By so doing, students will not only receive the Bachelor of Science Degree in Business Education, but will also receive from the Virginia State Board of Education a Collegiate Professional Certificate which entitles them to teach bookkeeping, typewriting, shorthand, office and secretarial practice, and social business subjects in the high schools of the State. Students who complete the requirements both for a degree and for a teacher's certificate have a decided advantage over students who do not.

Those who have had typewriting and shorthand in high school may be scheduled for advanced classes in those subjects at the time of registration.

If students plan to qualify for positions as medical and technical secretaries in offices of physicians, dentists, hospitals, clinics, and public health centers they should elect courses in biology and chemistry that will prepare them for the specific type of work in which they are interested.

Secretarial Studies

Business Education X121, X122. Typewriting. (For those who have had no typewriting.)

First and second semesters; 5 periods a week; 2 credits each semester. Fee: \$3.00 each semester. Miss Craddock

Business Education X131, X132. Shorthand.

ENGLISH

Mr. Grainger, Miss Foster, Miss Jennings, Miss Nichols, Miss Sutherlin, Miss Wheeler

The Department of English offers courses in composition, literature, speech and in the teaching and the history of English. The Department seeks to co-ordinate its work with the counseling program of the College and with the work of the other departments. It seeks the cooperation of all instructors in maintaining good use of English in all classes. The study of English is motivated also by many of the extra-curricular activities of the College.

Students in the advanced courses who show marked deficiencies in the fundamentals of English are required to remedy these deficiencies before receiving credit.

To become eligible to take a major in English the student must make a grade of C or above on English X111 and English X112 or its equivalent. In addition, the major in English requires the following: two semester courses chosen from those with numbers in the two- and three-hundreds, English X311 and X312, English X405, and English X411 or X412.

Students taking an English major in curricula leading to teaching in the high school are advised to shape their programs so as to include studies in the related fields of history and the social studies, foreign languages, music, and art. Those who wish to qualify themselves as teacher-librarians should elect courses in library science.

FOREIGN LANGUAGES

MISS DRAPER, MISS BARKSDALE, MR. THOMPSON

Students desiring a major in French, in Spanish, or in Latin are advised to elect two or more years of a second foreign language.

A major in foreign languages requires 24 semester hours in French, 24 semester hours in Spanish, or 24 semester hours in Latin, exclusive of French, Spanish, and Latin X111, X112. A student must elect 18 semester hours in one language, or 12 semester hours in one and 6 semester hours in another, to fulfill the foreign language requirements of the different curricula.

A course in methods of teaching foreign languages, taught by a member of the Department of Foreign Language, is given with Education X400. It is a course primarily for majors in foreign languages, is conducted entirely in English, and gives no credit toward the major in French, in Spanish, or in Latin.

A native Spanish student and a native French student assist in each class once a week for drill in pronunciation and oral use of the languages. They are also hostesses of French and Spanish-speaking tables in the dining room and take part in the club meetings, thus offering unusual opportunities for speaking both languages and learning about customs and cultures.

HISTORY AND THE SOCIAL SCIENCES

Mr. Walmsley, Miss Moran, Mr. Moss, Miss Peck, Miss Stubbs, Mr. Simkins, Miss Waters

The Department of History and the Social Sciences offers courses in history, economics, geography, government, and sociology.

In history a major requires History X111, X112, X221, X222, X331, X332, X441, and either X443, or X444. In the social sciences a major requires Sociology X221, X222, Government X331, X332, Economics X441, X442.

Students preparing to enter social welfare work should take at least eighteen credits in sociology, including social psychology, eight credits in biology, and six credits in economics.

The subject matter of geography includes materials from both the natural and the social science fields. Since major emphasis is placed upon the life of people as it is related to natural environment, courses in geography are counted as credits in social science. A major in this field requires twenty-four semester hours.

HOME ECONOMICS

MISS TUPPER, MISS GLEAVES, MISS HALL, MISS JETER

The general aims of this department are to prepare students to teach home economics in the public schools, to give training and experience in the scientific administration of the home. These aims arise from the fact that the college has been selected by the State Board of Education as one of the institutions for the educaion of home economics teachers for the junior and senior high schools of the State. The courses outlined in Curriculum IV (see page 55) meet the standards set by the State Board of Education and the federal authorities. (The students enrolled in this curriculum are under the general guidance of this department.)

The courses in Curriculum IV and the practical work are so arranged that students may qualify for teaching chemistry.

The facilities of the Department of Home Economics are adequate in every respect. The home management house and the laboratories are conveniently located. The equipment is modern.

A major in home economics requires the following courses: Home Economics X121, X122, X221, X222, X232, X321, X322, X332, X334, X336, X341, X342, X345, X346, X347, X348, X431, X441.

Library Science X326. Children's Literature.

Second semester; 3 periods a week; 3 credits. (Same as Education X326 and English X326.)

MISS SUTHERLIN

Library Science X341. Reference Work.

Second semester; 3 periods a week; 3 credits. MISS RUFFIN, MISS SEABERG

Library Science X345. Classification and Cataloging.

Second semester; 2 single and 2 double periods a week; 3 credits.

MISS TERRY

Library Science X347. Audio-Visual Education.

First semester; 3 periods a week; 3 credits.

Mr. Johnson

(Same as Education X347.)

Library Science X348. School Library Administration. First semester; 3 periods a week; 3 credits.

MISS RUFFIN

Library Science X400. Practice Work in Libraries. Offered both semesters; 6 periods a week; 3 credits.

MISS RUFFIN, MISS O'BRIEN

This course may be substituted for one-half of the required teaching in Education X400. Directed library practice in school libraries.

MATHEMATICS

MISS TALIAFERRO, MISS SUTHERLAND

The preparation of teachers of mathematics for the elementary and secondary schools of the State is the principal aim of this department. The effort is made everywhere to link up the work with the demands of real life.

A major in mathematics in Curricula II, III, VI and VII consists of Mathematics X141, X151, X231, X233 or X335, X345, X346, X451 and three or four credits in electives approved by the head of the department.

Prerequisites for a major: one and one-half units of algebra and one unit of geometry.

All students are advised to elect Mathematics X121 and X122.

Mathematics X121, X122. General Mathematics.

First and second semesters; 3 periods a week; 3 credits each semester.

MISS SUTHERLAND

Important phases of mathematics needed by the individual in everyday life; the nature of our number system; the nature of the fundamental operations; history and precision of measurement; approximate computation; statistical concepts and interpretation of data.

Mathematics X123. Mathematics for Teachers in the Elementary School.

Second semester; 2 periods a week; 2 credits. Required in Curriculum I.

MISS SUTHERLAND

The subject matter of arithmetic from the teacher's point of view; emphasis on meanings and understandings; social usage of certain topics; analysis and solution of problems.

Mathematics X221. Commercial Arithmetic.

First semester; 3 periods a week; 3 credits. Required in Curriculum V.

MISS SUTHERLAND

Mathematics X323. Mathematics for Teachers in the Elementary School.

Second semester; 3 periods a week; 3 credits. Required in Curriculum I.

MISS SUTHERLAND

A continuation of Mathematics X123.

Mathematics X141. College Algebra.

First semester; 3 periods a week; 3 credits. Required in Curriculum VI.

MISS TALIAFERRO

Mathematics X142. College Algebra.

Second semester; 3 periods a week; 3 credits. Prerequisite: Mathematics X141. MISS TALIAFERRO

Mathematics X151. Plane Trigonometry.

Second semester; 3 periods a week; 3 credits. Required in Curriculum VI. MISS TALIAFERRO

(Students who did not have plane geometry in high school must take Mathematics X121 and X122 instead of X151.)

Mathematics X231. Analytic Geometry.

First semester; 3 periods a week; 3 credits.

MISS TALIAFERRO

Mathematics X233. Solid Geometry.

Second semester; 3 periods a week; 3 credits. (Offered alternate years.)

Miss Taliaferro

Not required for a major if high school credit has been given.

Mathematics X243. The Slide Rule.

First semester; 1 period a week; 1 credit.

MISS TALIAFERRO

Mathematics X335. Advanced Plane Geometry.

Second semester; 3 periods a week; 3 credits. (Offered alternate years.)

MISS TALIAFERRO

Introduction to the field of modern geometry; the circle and triangle; some theorems of historic interest.

Mathematics X345, X346. The Differential and Integral Calculus.

First and second semesters; 3 periods a week; 3 credits each semester.

MISS TALIAFERRO

Mathematics X451. The Teaching of High School Mathematics.

First semester; 3 periods a week; 3 credits.

MISS TALIAFERRO

Mathematics X453. History of Mathematics.

Second semester; 3 periods a week; 3 credits.

MISS TALIAFERRO

Evolution of mathematical knowledge and its relation to the progress of human civilization; its relation to the enrichment of the teaching of mathematics in the secondary schools.

MUSIC

MISS PATTERSON, MISS CLARK, MR. CRAWLEY, MR. WAKEFIELD

The aims of the Department of Music are to emphasize the aesthetic, intellectual, and social values of music; to broaden the conception of the function of music in the public schools; to prepare grade teachers to teach music in their respective grades; to prepare supervisors and special teachers of music in elementary and high schools; to help students in the use of the singing voice; and to develop an understanding and appreciation of the best music through group participation in song and through directed listening to the world's greatest musical literature.

The required courses in Curriculum I are Music X121, X122, X231. A major in music requires the following courses: Music X121, X122, X231, X232, X333, X361, X362, X365, X421, X461, Piano X191, X192, Voice X181, X182.

Music X121, X122. Elements of Music.

First and second semesters; 3 periods a week; 2 credits each semester.

MISS PATTERSON

This course acquaints students with certain musical techniques. Solfeggio, song singing, dictation, major, minor and chromatic scales, triads, rhythmic and tonal problems are studied. Careful attention is given to the correct use of the singing voice.

Music X231. School Music Materials and Problems in the Elementary Grades. First semester; 3 periods a week; 2 credits. Prerequisites: Music X121, X122.

MISS PATTERSON

The child voice, rhythmic work, grade choruses, dramatization and creative work, program building, listening activities, and the presentation of song material in the schoolroom are topics studied.

Music X232. School Music Materials and Problems in the Junior High and Senior High Schools.

Second semester; 3 periods a week; 2 credits. Prerequisites: Music X121, X122.

MISS PATTERSON

Choruses, part singing, the changing voice, dramatization and creative work, music history and appreciation, and organization and conducting of bands and orchestras are topics developed in the course.

Music X333. Harmony I.

First semester; 3 periods a week; 3 credits. Prerequisites: Music X121, X122.

MISS CLARK

A study is made of the principal and subordinate chords through hearing, performing, and writing given and original melodies and basses.

Music X334. Harmony II.

Second semester; 3 periods a week; 3 credits. Prerequisite: Music X333.

MISS CLARK

A continuation of Harmony I with further study of non-chord tones, related modulations and altered chords.

Music X361. Music Appreciation.

First semester; 3 periods a week; 3 credits.

A survey of early vocal and instrumental music. Study of instruments. Early folk and art songs. National tendencies.

Music X362. Music Appreciation.

Second semester; 3 periods a week; 3 credits. Prerequisite: Music X361.

MISS PATTERSON

Further development of musical periods beginning with early church music. Study of smaller forms of music. Beginnings of opera, oratorio, and symphonic music.

Music X365. History of Music.

First semester; 3 periods a week; 3 credits.

MR. WAKEFIELD

Music X421. Conducting Choirs, Orchestras, Bands.

Second semester; 3 periods a week; 3 credits.

MR. WAKEFIELD

Music X445. General Music Appreciation.

First semester; 3 periods a week; 3 credits.

Mr. Wakefield

A beginner's course in the appreciation of music for students who have not had previous work in other college music courses. A study is made of orchestral instruments and their functions, folk and art songs, and instrumental forms.

Music X446. General Music Appreciation.

Second semester; 3 periods a week; 3 credits.

MR. WAKEFIELD

A continuation of Music X445. A survey is made of symphonic literature, oratorio and opera.

Music X461. General Problems in Public School Music.

Second semester; 3 periods a week; 3 credits. Prerequisite: Music X231.

MISS PATTERSON

An evaluation of the purposes and standards of school music and their relation to the whole educational program is attempted. Reports on assigned topics are required.

Extra-curricular Musical Activities

Choral Singing.

First and second semesters; 2 periods a week; no credit. MR. CRAWLEY

This choral period is open to all students who wish to study advanced solfeggio, glee club materials, operettas, and cantatas. Fee: \$2.00 each semester. Formal programs are given each semester.

Advanced Choral Singing (College Choir).

First and second semesters; 2 periods a week; no credit. Mr. Crawley

Students desiring to elect College Choir will be given an audition by the Director and upon selection may register for the course. Standard choral compositions will form the content of the course. Formal programs are given each semester. Fee: \$2.00 each semester.

Band and Orchestra.

Mr. Wakefield

The band and the orchestra acquaint students with instrumental literature, experience in rehearsal procedure, and standards of attainment in the field of instrumental music. Fee: \$2.00 each semester.

Applied Music

Opportunity is offered for cultural development through either the piano, or voice literature. Technical facility and interpretation are stressed. Students may enter at any stage of advancement and continue from that point.

Fee for individual instruction: \$55 a semester; 2 half-hour lessons a week;

1 credit.

Fee for class instruction: \$30 a semester; 2 one-hour lessons a week; 1 credit. (Fee includes use of a piano for practice.)

Piano X191, X192. Elementary. Miss Clark

Piano X291, X292. Intermediate I. MISS CLARK

Piano X391, X392. Intermediate II. MISS CLARK

Piano X491, X492. Advanced. Miss Clark

Voice X181, X182. Elementary.	Mr. Wakefield
Voice X281, X282. Intermediate I.	Mr. Wakefield
Voice X381, X382. Intermediate II.	Mr. Wakefield
Voice X481, X482, Advanced.	Mr. Wakefield

PHYSICAL AND HEALTH EDUCATION

MISS BARLOW, MISS DABNEY, MISS ILER, MISS KAUZLARICH

This department has a two-fold purpose: first, to provide professional courses in physical and health education that will prepare students to teach physical education in the elementary school, high school, and college; second, to provide opportunity for all students to engage in developmental and recreational activities.

The swimming pool will be open to students at certain hours for recreational purposes. Those desiring this privilege must register at the swimming pool office and wear the regulation swimming suit.

A regulation suit is required in all activity courses. The suits are purchased through the College.

All students are required to pass a beginner's swimming test or a course in swimming before the end of the junior year, unless excused by the College Physician.

A bachelor of science degree with a major in physical education requires the following courses: Activity courses include Physical Education X111, X112, X212, X231, or X232; and X322, X323, X324, X329, X353, X354; theory courses include Physical Education X336, X337, X339, X340, X401. Physical Education X321, X330 and X402, and Health Education X239 are also recommended as electives.

Students with a major in physical education who have not had a college course in human physiology are required to take Biology X351 as a prerequisite to Physical Education X336 and X339.

It is desirable for the teacher of physical education or a worker in the field of recreation to have ability in music, dancing, handcrafts, camping and various sports.

All students with a major in physical education are expected to participate in the intra-mural program offered by the Athletic Association.

Physical Education

Physical Education X111, X112. Freshman Physical Education.

First and second semesters; 3 periods a week; 1 credit each semester. Required of all freshmen.

MISS ILER, MISS KAUZLARICH, MISS DABNEY

Participation in games, athletics, gymnastics and dance.

Physical Education X111R, X112R. Freshman Restricted Physical Education. First and second semesters; 3 periods a week; 1 credit each semester.

MISS BARLOW

Modified activities substituted for regular classwork for those students for whom a program of light activities is recommended on the advice of the College Physician.

Physical Education X210. Swimming (Beginners).

Offered each semester; 3 periods a week; 1 credit. Instruction in techniques of strokes and diving.

MISS DABNEY

Physical Education X211. Swimming (Intermediate).

Offered each semester; 3 periods a week; 1 credit. Continuation of Physical Education X210.

MISS DABNEY

Physical Education X212, Swimming (Advanced).

Offered each semester; 3 periods a week; 1 credit.

MISS DABNEY

Continuation of Physical Education X211 including the American Red Cross Senior Life Saving Course.

Physical Education X231. Fundamentals of the Dance.

First semester; 3 periods a week; 1 credit.

MISS KAUZLARICH

Beginning course for students who have not had any modern dance; based on body techniques, fundamental rhythms and the primary elements of composition.

Physical Education X232. Modern Dance.

Second semester; 3 periods a week; 1 credit. Prerequisite: Physical Education X231 or upon recommendation of instructor. MISS KAUZLARICH

An approach to contemporary dance techniques with emphasis on the elements of creative group work.

Physical Education X233. Seasonal sports (Beginners).

First semester; 3 periods a week; 1 credit.

MISS ILER

Practice and study of techniques in sports for beginners.

Unit 1—hockey or tennis or golf or archery. Unit 2—basketball or volleyball.

Physical Education X234. Seasonal sports (Beginners).

Second semester; 3 periods a week; 1 credit.

MISS ILER

Practice and study of techniques in sports for beginners.

Unit 1—basketball or volleyball. Unit 2—tennis or archery or golf.

Physical Education X321. Dance Appreciation.

First semester; 2 periods a week; 2 credits.

MISS KAUZLARICH

An elective survey course based on significant periods in dance history; comparative analysis of dance types and forms; relation of music and art to dance; study of outstanding works of the artists of ballet and modern dance.

Physical Education X322. Dance Composition.

Second semester; 3 periods a week; 1 credit. Prerequisite: Physical Education X231 or X232. MISS KAUZLARICH

A study of pre-classic and modern forms of dance; study of art and music for the teacher of dance, the director of pageants and festivals, and the advanced student of dance.

Physical Education X323. Seasonal Sports (Advanced).

First semester: 3 periods a week; 1 credit.

MISS ILER

Advanced practice and study of techniques in sports.

Unit 1—hockey or tennis or golf or archery. Unit 2—basketball or volleyball.

Physical Education X324. Seasonal Sports (Advanced).

Second semester; 3 periods a week; 1 credit.

MISS ILER

Advanced practice and study of techniques in sports.

Unit 1-basketball or volleyball.

Unit 2-tennis or golf or archery.

Physical Education X329. Tap and Social Dance.

First semester; 3 periods a week; 1 credit.

MISS KAUZLARICH

Unit I-Tap Dance.

Material survey of current educational practice in tap dance, with emphasis on the development of creative group tap dance.

Unit II-Social Dance.

Steps and combinations of current and basic types of social dance.

Physical Education X330. American Square Dance.

Second semester; 3 periods a week; 1 credit. Practice in regional forms of American dance. MISS KAUZLARICH

Physical Education X351, X352. Methods and Materials of Teaching Physical Education in Elementary Schools.

First and second semesters; 3 periods a week; 2 credits first semester; 1 credit second semester. Required in Curriculum I. Prerequisite: Physical Education X111, MISS BARLOW

Principles and techniques involved in the selection and presentation of physical education activities for the elementary school.

Physical Education X353, X354. Methods and Materials of Teaching Physical Education in Junior and Senior High Schools.

First and second semesters; 3 periods a week; 2 credits each semester. Pre-requisite: Physical Education X111, X112. Miss ILER, Miss BARLOW

Selection and presentation of activities in physical education for junior and senior high school girls.

Physical Education X336. Physiology of Exercise.

Second semester; 2 periods a week; 2 credits. Prerequisite: Biology X351. Miss Barlow

Mechanisms involved in the adjustment of the body to the neuro-muscular activities.

Physical Education X337. Recreational Leadership.

First semester; 3 periods a week; 2 credits.

MISS ILER

Study of the varied activities comprising a balanced recreational and camp program. Includes discussion and practice.

Physical Education X339. Anatomy and Kinesiology.

First semester; 4 periods a week; 3 credits. Prerequisite: Biology X351.

MISS KAUZLARICH

Basic human anatomy for the study of body mechanics and principles of movement in utilitarian activities, fundamental skills, sports, swimming and dance.

Physical Education X340. Corrective Physical Education.

Second semester; 3 periods a week; 2 credits. Prerequisite: Physical Education X339.

Miss Kauzlarich

Study of and practice in presenting activities for handicapped, atypical and temporarily disabled.

Physical Education X401. History and Principles of Physical Education.

First semester; 2 periods a week; 2 credits.

MISS BARLOW

Historical survey of the field of physical and health education; present day trends and practices; theoretical concepts and underlying principles.

Physical Education X402. Organization and Administration of Physical Education.

Second semester; 3 periods a week; 3 credits.

MISS ILER

Problems and procedures in physical education, including tests and measurements.

Health Education

Health Education X239. First Aid and Accident Prevention.

First semester; 3 periods a week; 2 credits.

MISS BARLOW

Meets the requirement of basic American Red Cross courses in first aid and accident prevention; certificates are issued to those who complete the course.

Health Education X341. Personal, School and Community Health.

Offered each semester; 2 hours a week; 2 credits.

Miss Barlow

Principles of health and safety education and procedures in the conduct of a school health program as required in the Virginia schools.

STUDENT ACTIVITIES

The extra-curricular, as well as the curricular, activities are included in the program of studies and activities. They are related to the various student organizations in the same way that the classroom and study activities are related to the various subjects. The description of the student activities below corresponds to the description of courses in the departments of instruction.

STUDENT GOVERNMENT ASSOCIATION

All students of the College are members of the Student Government Association which is headed by the Student Council composed of officers and members elected by the student body. This group manages the affairs of the students in cooperation with the administrative officials of the College. Regulations governing the conduct of students both on and off the campus are enacted and enforced by it.

The underlying principles of conduct and relationships of the students, faculty members, and administrative officials are embodied in the honor system, a cherished tradition of the College. The way of life on the campus is based on the Honor Code.

The Honor Code

A high sense of honor, in all her relationships and activities, should be one of a person's most cherished possessions. It is the one essential that enables a person to respect herself, and to merit the respect of others. It is the one thing that makes it possible for a group of people to live together with perfect confidence. Such an effective honor system is one of the oldest and highest traditions of State Teachers College.

Upon entrance here a student is assumed to be a woman of absolute honor until she proves herself otherwise. This means absolute honor in all academic work, financial and property matters, and personal relationships, whether supervised or not. It cannot be over-emphasized that this places upon each individual student the obligation of constant vigilance to maintain absolutely honorable conduct.

The Honor Code requires a student not only to remain honorable in her own conduct but to report all infractions of the honor system she observes. This latter is in many respects the most difficult phase of the system. The measure of a student's love of the system and of her college, nevertheless, is the extent to which she is willing to shoulder this burden.

When a possible infraction of the honor system is reported to the Student Council a careful and secret trial is conducted. The accused will be given every opportunity of proving her innocence. If the verdict is innocent the minutes of the trial will be destroyed, but if the verdict is guilty the decision will be announced to the student body.

House Council

The House Council of the College is composed of four officers elected by the student body and of the students who are appointed presidents of the various halls in the dormitories by the President of the Council. It is the responsibility of this group to set up and enforce the regulations governing student life in the dormitories.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Y.W.C.A. Association in the College is a branch of the national Y.W.C.A. The administrative direction is in the hands of the students assisted by an advisory committee of the faculty. It promotes a number of religious activities. Daily prayer services and weekly devotional meetings are held. Usually these exercises are conducted by the students. From time to time some recognized religious leader is brought to the campus by the Association to discuss with students questions of religious interest and help individuals with personal religious problems. Through the Association, Bible study classes are organized in each of the churches of the town. The organization through its committees welcomes new students individually and sponsors a reception to freshmen early in the fall. It likewise provides informal entertainment for other groups of students from time to time during the year.

ATHLETIC ASSOCIATION

All students are members of the Athletic Association. The Athletic Council, consisting of students and a faculty adviser, has control of both intra-mural and inter-collegiate sports and contests and attends to all the business of the organization. Contests between classes and between organizations are held in tennis, basketball, soft ball, hockey, volley ball, lacrosse, and swimming. The nine-hole course at Longwood gives students an opportunity to play golf. In collegiate sports, teams are maintained in tennis, basketball, and hockey.

STUDENT PUBLICATIONS

The students of the college sponsor four publications, The Rotunda, The Colonnade, The Virginian, and the Student Handbook.

Rotunda

The Rotunda is a weekly newspaper which keeps the students and faculty informed of the college news and the interests of the College as observed from the point of view of the students. It not only expresses the attitude of the students towards various phases of college life and current activities but also exerts an important influence in the development of the ideals of the community.

Colonnade

The Colonnade is a literary magazine to which students, members of the faculty, alumnae, and others contribute. It publishes in literary form some of the results of the thinking and writing done in the College and among its friends.

Virginian

The Virginian is the year book of the College. Students are responsible for the art work, the editing, and the management of the publication. Each issue represents a cross section of the college life for the year. It is, therefore, highly valued by the members of the graduating class.

Student Handbook

Student Handbook is the manual of rules and regulations governing the conduct of the students. In addition, it contains the constitutions and by-laws of the Student Government Association, the Young Women's Christian Association, and the Athletic Association, briefer descriptions of other organizations, and a description of the customs and traditions of the College. It serves as the orientation textbook for all new students.

HONOR SOCIETIES

There are two types of honor societies in the College. The first consists of those organizations that are comparatively general in character and not confined to any department or section of college life. They are open to all students who meet the high standards of excellence required in scholarship, leadership, and character. There have been established on the campus local chapters of the following national organizations: Kappa Delta Pi, Alpha Kappa Gamma, and Alpha Phi Sigma. The second type includes a number of societies which place most emphasis on special fields. There have been established on the campus four of these national honor societies: Pi Gamma Mu, Sigma Pi Rho, Beta Pi Theta, and Pi Kappa Delta. Of this type also are the local organizations, Gamma Psi, Beorc Eh Thorn, and Orchesis.

Kappa Delta Pi is a national honor society in education in the broad sense. Its membership consists of students interested in the activities of the teaching profession including all fields. The membership in this organization is confined to students of the junior and senior years, whose scholarship ranks in the upper fourth of that of the student body.

The Beta Epsilon Chapter of Kappa Delta Pi was organized in 1928. It represents the development of Pi Kappa Omega, a local honor society founded in 1918 in response to a need felt by the faculty and students for an organization through which scholarship, character, and service might be given recognition. Ten years later it was merged into Kappa Delta Pi, which emphasized the qualities recognized by Pi Kappa Omega with an additional emphasis on a professional outlook as broad as the college itself in all of its departments and activities.

Alpha Kappa Gamma, national honor society for leadership, was organized in 1928. It represents the merging of local societies which had been founded in order to bring together groups of representative students and faculty members, whose purpose was to foster high ideals and standards of leadership. Alpha Delta Rho, organized in 1925, became the Joan Circle of Alpha Kappa Gamma and was one of the charter members of the organization. Its field of work is the promotion of desirable co-ordination of various activities and interests of the College.

Alpha Phi Sigma is an honorary society confined to leading teachers colleges. Its membership is composed of students of high scholastic rating. Valedictorians and salutatorians of high schools are automatically eligible to membership. Other students in any class of the college are eligible when their scholarship becomes satisfactory. The Delta Chapter, the local chapter of this society, was established in 1930 with seventy-five members. The activities of this organization are designed not only to benefit its membership but also to further interest in scholarship in the whole institution.

Pi Gamma Mu is a national social science honor society. The purpose of this society is to further the scientific study of the problems of social science. The Virginia Gamma chapter, the local organization of Pi Gamma Mu, was organized in 1927. In addition to a high standard of general scholarship required for entrance each member must show an outstanding interest in the social sciences and must conduct while a member of the society some original work in some of the social sciences.

Sigma Pi Rho (first organized at Farmville in 1930), became a national organization in 1932. The purpose of Sigma Pi Rho, the local organization of which is the Virginia Alpha Chapter, is to give recognition to

those who have shown a deep interest in the field of Latin and have attained a certain scholastic standing, to afford its members further opportunities in the work, and to create in others an interest in Latin.

Gamma Psi is a local honor society in fine arts. It was established in 1932 to give recognition to those students of the college who show an interest in the field of art and attain a certain scholastic standard; to create and foster these interests in new students; and to render art service to the College.

Pi Kappa Delta is a national forensic honor society. It is the largest of three honor societies in this field. The Virginia Alpha Chapter was chartered in 1928 and is one of the one hundred and sixty-five chapters in thirty-six states. Its purpose is to develop and maintain a high standard of skill and sportsmanship in debating and oratory.

Beorc Eh Thorn is a local honor society in English founded at the College in October, 1935. The three Old English rune letters, which it has adopted for its name, symbolize the quest of literature to which the members are pledged and the inspiration and discipline which it affords. The society seeks to encourage creative writing and the study of literature. It gives its active support to the publication of The Colonnade and sponsors visits of distinguished writers to the college.

The Orchesis is an honorary dance group organized in May, 1933. The group creates its own dances and usually sponsors a dance program in the winter and helps with the College May Day in the spring. Members are selected from those who have taken at least two semesters of modern dance.

SORORITIES

The sororities found in the College are professional in character. They assume professional obligations and seek in various ways to render an educational service. They establish student loan funds, support libraries, and engage in other educational undertakings. Of the eight sororities in this institution Sigma Sigma Sigma, Alpha Sigma Alpha, Pi Kappa Sigma, Alpha Sigma Tau, and Theta Sigma Upsilon are national; Gamma Theta, Mu Omega, and Phi Zeta Sigma are local.

STUDENT CLUBS

In addition to the various honor societies there are a number of clubs that apppeal to the interests of different groups. Among the more active of these organizations are the Debate Club, the Cotillion Club, the

Dramatic Club, and the music organizations including the Choral Club, and the College Choir.

The Debate Club is a student organization in which opportunity is given to experiment with and participate in the various forensic activities. This club undertakes to train students for intercollegiate debates and public speaking contests. The record in debate and oratory has been outstanding for a number of years. Teams of the club lead forums on current questions in civic and social clubs throughout the state.

The Dramatic Club is open to all students interested in the dramatic arts. Any student may register for the apprentice period of six months. Those who show most ability are elected to full membership in the club and are assigned to work in one or more of the departments. The departments are: acting, stage design, costume, make-up, lighting, property, and business. The 150 members of the organization are divided into groups according to their varied tastes, and these groups provide dramatic entertainment for the meetings of the club as a whole. The club gives training in coaching and producing high school plays and sponsors an annual play contest among the high schools of Southside Virginia. Under the direction of a competent coach the Dramatic Club each year gives a fall and spring production for the entertainment of the whole college community.

The Cotillion Club is an organization with a membership of two hundred and fifty whose primary aim is the promotion of good dancing. The club sponsors two major dances each year, one in the fall and one in the spring. These dances have come to be regarded as important events in the social life of the college year.

The Philosophy Club is a group of students who are interested in problems of philosophy. The organization meets once each month for recreation and discussion of philosophical questions, and sponsors lectures in philosophy by members of the faculty of the College and invited guests from other institutions.

Le Cercle Français and El Club Espanol are clubs to which all modern language students are eligible.

The programs of the regular monthly meetings, which are given in the foreign languages, consist of songs, skits, games, current events, and short talks on cultural subjects.

The Music Organizations of the College are the College Choir, and the Choral Club. These are important factors in the life of the College. They select their members through try-outs at the beginning of the session and give several concerts each year.

The International Relations Club consists of a group of students who are interested in present world conditions. The organization meets weekly for discussions of world problems. A feature of this club is its participation in state and regional conferences on world relations held under the auspices of the Carnegie Foundation.

The Commercial Club is an organization of the students in the Department of Business Education who are interested in becoming better informed in regard to teaching commercial subjects and problems in the field of business. The programs of the regular monthly meetings involve lectures and discussion of business problems of current interest.

PROFESSIONAL ORGANIZATIONS

There are in the College two organizations whose interests are primarily professional in character. Eligibility to these organizations depends largely upon the students' professional qualities rather than on their academic standing.

The Association for Childhood Education is a national organization composed of nursery school, kindergarten, and primary teachers and others who are interested in the education of young children. It concerns itself with the conservation of child life through securing a better understanding of children, and providing better opportunities for their development. The local organization grew out of the Primary Council which was organized on our campus in 1927, and later became affiliated with the national A. C. E. Students who teach in the elementary school are eligible for membership.

The Future Teachers of America is a national organization of prospective teachers enrolled in colleges and universities, and in high schools. The local organizations are called F. T. A. clubs in the high schools and chapters in the colleges and universities. The F. T. A. chapters are affiliated with the local, state and national education associations. They serve as training schools for the improvement of professional relationships. The J. L. Jarman Chapter was organized in November, 1939, and received its charter from the National Education Association in 1940.
