General Information

HISTORY OF THE COLLEGE

Martin's Gazetteer of Virginia, published in 1835, records that there was at the time of the writing of the book "1 female school" in Farmville. This was succeeded by the "Farmville Female Seminary" (called on its cornerstone "Farmville Female Academy"), incorporated March 5, 1839, and changed by amendment March 21, 1860, to the "Farmville Female College." This college, under church and private management, enjoyed a long period of successful work, directed from 1873 to 1882 by Dr. Paul Whitehead and from 1882 to 1884 by the Misses Carter of Mecklenburg County.

The first State legislature to assemble after the adoption of the *post-bellum* constitution established, on July 11, 1870, a system of public schools in Virginia. For twelve years or more, the conduct of these schools was entrusted to such teaching forces as were found ready at hand. However, during this period it became evident to educational leaders that some provision must be made for the proper training of teachers. To meet this demand, the Legislature, on March 7, 1884, passed an act establishing a State Female Normal School. On April 7, 1884, the property of the Farmville Female College passed from the hands of its joint stock company to the town of Farmville which, on the same day, deeded it to the State of Virginia as the site of the Normal School. In October of the same year, the school was opened with 110 students enrolled.

In 1914, the Legislature changed the name of the institution to State Normal School for Women at Farmville and in January, 1924, to the State Teachers College at Farmville. On March 25, 1949, the State Board of Education, acting on authority granted to it by the Legislature in 1938, changed the name to Longwood College.

The college's present name is derived from the Longwood Estate, a tract of 103 acres acquired by the institution in 1928. This beautiful property, then consisting of thousands of acres, was purchased in 1765 by Peter Johnston and was the home of Peter Johnston, Jr., a lieutenant in Light Horse Harry Lee's

famed legion and judge of the Circuit Court of Virginia. Here also was born General Joseph E. Johnston, Confederate military figure. In 1811, the estate was bought by Abram Bedford Venable, a United States senator and the organizer and first president of the first bank in Virginia. At that time, the original Longwood home was standing but soon after it burned. The present house was erected in 1815 by Nathaniel E. Venable, an officer in the War of 1812 and a member of the Virginia House of Delegates and the Senate. It is the birthplace of Lieutenant Colonel Charles Scott Venable, a son of Nathaniel Venable, who was a member of General Robert E. Lee's staff, professor of mathematics, and chairman of the faculty of the University of Virginia.

In 1916, the College was authorized by the Virginia Normal School Board to offer four-year curricula leading to the degree of Bachelor of Science in Education. In 1935, it was authorized by the State Board of Education to offer the degree of Bachelor of Arts, and in 1938 the degree of Bachelor of Science. In 1938, the Board authorized also curricula in business education. In 1949, it authorized courses leading to degrees in music education.

PURPOSES

The College has three purposes:

1. To offer professional preparation for students planning to enter teaching positions in elementary and high schools.
2. To provide a sound education for students seeking liberal arts degrees.
3. To provide preparatory training for students planning to enter professional schools and to provide terminal courses for those who wish to enter secretarial and clerical positions after two years of study.

DEGREES AND CERTIFICATES

The college offers professional training in the field of education that prepares students as fully certified teachers in elementary or high schools. The degree of Bachelor of Science is offered in elementary, secondary, business education, home economics, and music education. The degree of Bachelor of Arts is offered in secondary and music education.

The College offers also the liberal arts degrees of Bachelor of Science and Bachelor of Arts with majors in the following

fields: accounting, art, biology, chemistry, English, French, geography, history, Latin, mathematics, music, psychology and philosophy, social science, sociology, and Spanish.

All curricula leading to degrees in education lead also to the Collegiate Professional Certificate, the *highest* certificate offered by the State Board of Education. Holders of the degree of Bachelor of Arts or Bachelor of Science in secondary education may teach all subjects for which they have twelve semester hours of college credit, except in the case of certain special subjects, and may also teach in the sixth and seventh grades. They may teach also in the lower grades if they secure credit for ten semester hours of work in courses designed for students preparing to teach in the elementary schools and undertake their supervised teaching in the elementary school on the campus rather than in the high school.

Students who complete either of the liberal arts degrees are entitled to the Collegiate Certificate.

Students who complete the first two years of the curriculum leading to the degree of Bachelor of Science in business education are awarded two-year certificates and are prepared for secretarial and clerical positions. Students who complete two or more years of the curricula leading to the liberal arts degrees of Bachelor of Arts or Bachelor of Science are prepared for admission to accredited schools of dentistry, law, medicine, medical technology, nursing, and X-Ray technique.

STUDENT BODY

The student body is composed of both men and women. Dormitory facilities for men, available for the first time in the 1949-50 session, will continue to be available during the 1950-51 session.

ACCREDITATION

The College is fully accredited as a professional school for the training of teachers and as a liberal arts college. It is accredited by the Southern Association of Colleges and Secondary Schools, the American Association of Colleges of Teacher Education, the National Association of Business Teachers Training Institutions, and the Virginia State Board of Education. Its pre-medical curriculum is approved by the Council on Medical Education and Hospitals of the American Medical Association. Its pre-professional curricula in law, dentistry, nursing, and

medical and X-Ray technique prepare students for admission to accredited schools.

LOCATION

The College is located in the progressive and thriving town of Farmville, fifty miles from Lynchburg and approximately sixty-five miles from Richmond and Petersburg. The community is the business and educational center of this area of Virginia, with good schools, churches, and hotels. Located here also is the modern Southside Community Hospital.

Farmville is situated on the Norfolk and Western Railway. Serving it also are several bus lines, including the Greyhound and Trailways systems. Excellent highways leading in all leading directions intersect here.

The climate is pleasant the year around. The geographic location of the College assures the absence of extremes in temperature and weather.

THE CAMPUS

The buildings and equipment of the College are adequate for the sound educational preparation of the students. The campus is compact; the buildings are arranged for usefulness and convenience. Many of the halls are connected by colonnades in order that the students may pass from one building to another without exposure in bad weather.

Administrative Offices

The administrative offices of the College are housed in Ruffner Hall which is located near the center of the campus. On the first floor of this building is the rotunda which is attractively furnished as a reception hall. To the left of the rotunda are the offices of the President, Business Manager, Treasurer, Dean of the College, and Registrar. To the right is the Home Office and the office of the Dean of Women.

Athletic Facilities

Located at the eastern end of the campus is the Student Building which contains a modern gymnasium, shower rooms, and indoor swimming pool. In the rear of this building are tennis courts and an athletic field used for archery, hockey, soccer,

and other athletic contests. A nine-hole golf course is maintained at Longwood Estate.

Auditoriums

Jarman Hall, now under construction at the western end of the campus, is a modern auditorium and music building being built at a cost of approximately \$450,000. It will seat 1,300 persons. It will contain a large pipe organ, a stage sufficiently large for any type of production or event the College desires to present, a projection booth, a two-story property room, and other facilities found in modern auditoriums.

A small auditorium seating 250 persons is located in the Student Building. This is used for small meetings, lectures, and similar events.

Book Shop and Post Office

In the eastern end of Ruffner Hall is located the College's book shop and post office operated under the supervision of a full-time member of the College staff. Here new and used textbooks and other supplies may be purchased. Likewise, all types of postal service, including individual mail boxes, are provided for the students.

Class Rooms

Class rooms are located on the first floor of Ruffner Hall, the basement floor of the Library, and the first and second floors of the West Wing. These are equipped with individual seats, adequate lighting, and the necessary equipment for various types of classes.

Dining Room

To the rear of the rotunda in Ruffner Hall is the dining room of the College which is equipped to seat one thousand persons. Each table in the room seats ten students. At each table a student serves as host or hostess.

Adjoining the dining room are a modern kitchen, bakery, refrigeration room, and storage rooms.

Dormitories

Dormitories for women are located on the second and third floors of Ruffner Hall, Student Building, and West Wing. "The

Annex" and Cunningham Hall are modern buildings used exclusively for dormitories.

Richardson Cottage, located across High Street and directly in front of Ruffner Hall, is a dormitory for men students.

Student life in each of the women's dormitories is supervised by a director of residence halls. The care of all dormitory rooms and buildings is under the supervision of experienced executive housekeepers.

The dormitories are equipped with adequate lighting and hot and cold water. Each room is equipped for two students and contains two beds, two pillows, a study table, two chairs, closets, and dressers. Students must provide their bed linen, blankets, towels, soap, and such items as rugs, lamps, and curtains. Each student should bring four single sheets, two single spreads, two pillow cases, blankets, and a supply of towels. Other items for a room are usually selected by students after they arrive on the campus and plan with their roommates regarding color schemes and the arrangement of their rooms.

Infirmary

The infirmary is a two-story building in the rear of the "Annex" and connected with it by an enclosed colonnade. This is a modern structure fully equipped to accommodate more students than normally require medical attention at any one time. It is staffed by the College Physician who is a part-time member of the College staff, a full-time registered nurse, and a part-time registered nurse.

Laboratory Schools

The laboratory schools in which students teach are operated jointly by the College and the local public-school authorities. The Elementary School is located on the campus, and the High School is located only four blocks away. Both schools are large enough, and yet not too large, to provide adequate opportunities for both pupils and student teachers. The buildings are well-equipped with laboratories, libraries, cafeterias, and work rooms. The principals and faculties of both schools are especially well qualified by training and experience for demonstration teaching and supervision of student teaching. The College program and the program of student teaching are co-ordinated through the Department of Education, which is responsible for the adminis-

tration and coordination of the cooperative efforts of the faculty of the Elementary School, the faculty of the High School, and the special supervisors representing the various subject-matter departments of the College.

Laundry

The College's laundry is housed in a separate building located in the rear of Ruffner Hall. It is equipped with the necessary personnel and machinery to render excellent service. It is ample in capacity to meet the needs of the College.

Library

The Library is located on High Street west of West Wing. It contains 51,566 bound volumes, including books in the Morrison Memorial Collection and those purchased through the Goldman Memorial Fund and the Faye Johnson Memorial Fund. It receives twelve daily newspapers and 285 current periodicals.

Special files in the library include a vocational file of more than 1,600 items, a general pamphlet file of approximately 3,600 items, and a picture file of over 3,500 pictures.

Housed also in the library is the regional Bureau of Teaching Materials which contains a large library of films and slides. Here also are numerous types of recording machines, projectors, photographic equipment and other audio-visual equipment which are used by the students of the College and schools in the area of Virginia served by the Bureau.

The library building consists of stack rooms, a reading room, reference room, lecture rooms, projection rooms, and a browsing room which invites leisure reading in the atmosphere of a private library. Students have access to all books and periodicals. Librarians assist them in study and research.

Music Building

A new music building is now being constructed on the campus as a part of Jarman Hall. This will contain class rooms and offices of the Department of Music. Located here also are twelve sound-proof practice rooms for voice and instruments and a band and orchestra rehearsal room.

Recreation Centers

Various recreation centers are located on the campus. Beneath the dining room in Ruffner Hall is a recreation hall where students hold informal dances, play table tennis and shuffleboard, and meet for various other types of informal gatherings. Located in the hall is the "Snack Bar," a modern soda fountain operated by the Alumnae Association.

In Cunningham Hall is another recreation hall where senior students may gather for informal parties and games.

The Longwood Estate, located at the eastern edge of Farmville, is owned and maintained by the College. (See the section of this catalogue describing the history of the College.) Here, in the atmosphere of the Old South, students have teas, banquets, receptions, and week-end parties in the historic home. The estate comprises 103 acres of beautiful, rolling grounds with a nine-hole golf course. In a wooded section of the place is a natural amphitheatre where May Day festivals are held and a log cabin where students have chaperoned overnight hikes.

Science Laboratories

A new \$450,000 science building was completed during the 1949-50 session. This three-story brick structure, located on the western side of the campus, contains lecture rooms and laboratories for biology, chemistry, general science, and physics. A greenhouse is located in the rear for use by the Department of Biology. Modern in every respect, this new hall enables the College to offer excellent preparation in science.

Laboratories of the Department of Home Economics are housed in a building located between Ruffner Hall and the Elementary School.

Student Activity Centers

Facilities are made available on the campus for various student activities other than the athletic program described in a preceding section. In the Student Building are located a parlor and cabinet room for the Young Women's Christian Association, a Student Council room, offices for the student publications, and individual rooms for sororities and honor societies.

Tea Room

A tea room, well-known for its delicious food, is operated by the College on the basement floor of Ruffner Hall. Here students, visitors, or faculty members may obtain breakfasts and lunches at reasonable cost.

THE COLLEGE YEAR

The College year consists of a regular session, including two semesters of 18 weeks each, and a summer session of eight weeks. The student may enter in the summer or at the beginning of either semesters of the regular session. However, most students will find the beginning of the first semester in September the most convenient time for them to enter college.

PHASES OF COLLEGE LIFE

The faculty members and administrative officials of the College believe that their primary responsibility is to assist students to be well-adjusted, useful citizens in the state and nation. Therefore, attention is given to all aspects of student life on the campus.

In the section of this catalogue describing the Student Health Service, the College's activities relating to physical life are outlined. Summarized below are other aspects of college life which receive careful attention.

Moral and Religious Life

The moral and religious aspects of education are considered as important as are the physical and intellectual. During the history of the College a tradition of good will, cooperation, and high standards of personal relationship has developed. Such a stabilizing influence cannot be described; it can be appreciated only through living in the atmosphere it engenders. But this intangible influence is experienced by both students and faculty to such a degree that it has become a distinct moral force in the whole College community.

The College is a home in which everyone is expected to do his part and share in a give-and-take relationship with others. Certain modes of life are prized and valued because in a long history they have proved their worth. In such an atmosphere it is difficult for the young student to fail to develop high ideals and a wholesome moral outlook on life.

The Young Women's Christian Association, of which all women students are members, is a strong religious force in the community. It provides training and experience for the officers and others interested in religious work. Brief devotional exercises are conducted by the ministers of the town, the President of the College, and members of the faculty at a weekly chapel program. The Y. W. C. A. conducts daily evening prayer services, holds special weekly Morning Watch services, urges attendance at church school and church, and fosters a spirit of religious life and service. Under its auspices a Religious Emphasis Week is observed, mission study classes are conducted by the faculty and others, a series of addresses by some Christian leader is given each year on the fundamental principles of the Christian religion, and noted speakers representing the international point of view address the students on important current movements.

Students are also encouraged to participate in the religious life of the community. They receive a cordial welcome from the ministers of the town to attend their church functions, which include regular Sunday services, prayer meetings, Sunday School classes, and social gatherings. Special leaders, working with students through the medium of student organizations, are provided by many of the churches.

Local churches include the Baptist, Episcopal, Lutheran, Methodist, Wesleyan Methodist, and the Presbyterian. The Roman Catholic Church holds Mass each Sunday in the auditorium of the Student Building. Where there is no organized church leadership, as in the case of the Christian Scientists, students of the respective faiths usually have contact with local residents having similar church affiliations.

Social and Recreational Life

The individual with a well-rounded personality is social in outlook and attitude. He is able to work and to play with other people. The community life on the campus provides many opportunities for every student to participate in various social and recreational activities.

Various receptions and parties at the beginning of the college year enable new students to meet the upper classmen, faculty members, and administrative officials. The College Circus, presented each fall by the four classes, provides entertainment and develops a spirit of cooperation and friendliness among the

students. The Founders Day celebration, held yearly in March, brings together alumnae, students, and faculty members. The May Day Festival, held at the Longwood Estate on the first Saturday in May, is an outstanding event sponsored by a general committee chosen from the student body.

Numerous dances and productions are presented during the year by the classes and student organizations. Picnics, hayrides, and hikes are held during the fall and spring months. Intramural and varsity competition in various sports, including archery, basketball, golf, hockey, swimming, softball, tennis, and volleyball provide opportunities for participation on the part of all students.

A weekly assembly is attended by all students. Distinguished speakers and other programs of interest are presented. Lyceum programs featuring outstanding lecturers and various artists of the entertainment world are presented at intervals during the year.

The College Choir and other musical groups are open to students interested in music. The Dramatic Club provides excellent experience for students interested in dramatics. Weekly radio programs are presented on the two local broadcasting stations by various student groups. The College's weekly newspaper, literary magazine, and yearbook are prepared and edited by students interested in writing and editorial work.

Academic and Professional Life

The academic and professional life of the College constitutes the main emphasis to which all other activities are secondary and contributory. It centers around the courses of instruction offered in the various departments of the College. Some courses are primarily cultural, liberal, and broadening in outlook. Others are primarily professional and are designed to prepare students definitely for teaching in the elementary and secondary schools of the State or for other vocations. In still others academic scholarship and the professional spirit are very closely combined.

The spirit of the class work is free and natural. The members of the faculty and the students work together as members of a large family in which every one is expected to do his part. Through such a spirit of fellowship and good-will are developed initiative, cooperation, responsibility, self-control, and other intangible qualities of personality and character.

STUDENT ACTIVITIES

Numerous student groups on the campus assure a well-rounded program of activity for each student as well as the opportunity for student participation in the affairs of the College.

Student Government Association

All students of the College are members of the Women's Student Government Association or the Men's Student Government Association which are directed by Student Councils composed of officers and members elected by the student body. These groups manage the affairs of the students in cooperation with the administrative officials of the College. Regulations governing the conduct of students both on and off the campus are enacted and enforced by them.

The underlying principles of conduct and relationships of the students, faculty members and administrative officials are embodied in the honor system, a cherished tradition of the College. The way of life on the campus is based on the Honor Code.

The Honor Code

A high sense of honor, in all his relationships and activities, should be one of a person's most cherished possessions. It is the one essential that enables a person to respect himself, and to merit the respect of others. It is the one thing that makes it possible for a group of people to live together with perfect confidence. Such an effective honor system is one of the oldest and highest traditions of Longwood College.

Upon entrance here a student is assumed to be a person of absolute honor until he proves himself otherwise. This means absolute honor in all academic work, financial and property matters, and personal relationships, whether supervised or not. It cannot be over-emphasized that this places upon each individual student the obligation of constant vigilance to maintain absolutely honorable conduct.

The Honor Code requires a student not only to remain honorable in his own conduct but to also report all infractions of the honor system he observes. This latter is in many respects the most difficult phase of the system. The measure of a student's love of the system and of his College, nevertheless, is the extent to which he is willing to shoulder this burden.

When a possible infraction of the honor system is reported to the Student Council, a careful and secret trial is conducted. The accused will be given every opportunity of proving his innocence. If the verdict is innocent, the minutes of the trial will be destroyed, but if the verdict is guilty the decision will be announced to the student body.

House Council

The Women's House Council of the College is composed of four officers elected by the student body and of the students who are appointed presidents of the various halls in the women's dormitories by the President of the Council. It is the responsibility of this group to set up and enforce the regulations governing student life in the dormitories.

Young Women's Christian Association

The Y. W. C. A. in the College is a branch of the national Y. W. C. A. The administrative direction is in the hands of the students, assisted by an advisory committee of the faculty. It promotes a number of religious activities. Daily prayer services and weekly devotional meetings are held. Usually these exercises are conducted by the students. From time to time some recognized religious leaders are brought to the campus by the Association to discuss with students questions of religious interest and to help individuals with personal religious problems. The organization through its committees welcomes new students individually and sponsors a reception to freshmen early in the fall. It likewise provides informal entertainment for other groups of students from time to time during the year.

Athletic Association

All students are members of the Athletic Association. The Athletic Council, consisting of students and a faculty adviser, has control of both intramural and inter-collegiate sports and contests, and attends to all the business of the organization. Contests are held in tennis, basketball, softball, hockey, volleyball, golf, archery, and swimming. The nine-hole course at Longwood gives students an opportunity to play golf. In collegiate sports, teams are maintained in tennis, basketball, hockey, and swimming.

STUDENT PUBLICATIONS

The students of the College sponsor four publications: *The Rotunda*, *The Colonnade*, *The Virginian*, and the *Student Handbook*.

Rotunda

The Rotunda is a weekly newspaper which keeps the students and faculty informed of the College news and the interests of the College as observed from the point of view of the students. It not only expresses the attitude of the students towards various phases of College life and current activities but also exerts an important influence in the development of the ideals of the community.

Colonnade

The Colonnade is a literary magazine to which students, members of the faculty, alumnae, and others contribute. It publishes in literary form some of the results of the thinking and writing done in the College and among its friends.

Virginian

The Virginian is the year book of the College. Students are responsible for the art work, the editing, and the management of the publication. Each issue represents a cross section of the College life for the year. It is, therefore, highly valued by the members of the graduating class.

Student Handbook

The Student Handbook is the manual of rules and regulations governing the conduct of the students. In addition, it contains the constitutions and by-laws of the Student Government Association, the Young Women's Christian Association, and the Athletic Association, briefer descriptions of other organizations, and a description of the customs and traditions of the College. It serves as the orientation textbook for all new students.

OTHER STUDENT ORGANIZATIONS

In addition to the student organizations already described, there are various other groups on the campus which recognize outstanding scholarship, leadership, or skill in various areas

and those which bring together students with mutual interests. These are described below.

Alpha Kappa Gamma, national honor society for leadership, was organized in 1928. It represents the merging of local societies which had been founded in order to bring together groups of representative students and faculty members, whose purpose was to foster high ideals and standards of leadership. Alpha Delta Rho, organized in 1925, became the Joan Circle of Alpha Kappa Gamma and was one of the charter members of the organization. Its field of work is the promotion of desirable co-ordination of various activities and interests of the College.

The Association for Childhood Education is a national organization composed of nursery school, kindergarten, and primary teachers and others who are interested in the education of young children. It concerns itself with securing a better understanding of children and providing better opportunities for their development. The local organization grew out of the Primary Council which was organized on the campus in 1927, and later became affiliated with the national Association for Childhood Education. Students who teach in the elementary school are eligible for membership.

Beorc Eh Thorn is a local honor society in English founded at the College in October, 1935. The three Old English rune letters, which it has adopted for its name, symbolize the quest of literature to which the members are pledged and the inspiration and discipline which it affords. The society seeks to encourage creative writing and the study of literature. It gives its active support to the publication of *The Colonnade* and sponsors visits of distinguished writers to the College.

The Commercial Club is an organization of the students in the Department of Business Education who are interested in becoming better informed in regard to teaching commercial subjects and problems in the field of business. The programs of the regular monthly meetings involve lectures and discussion of business problems of current interest.

The Cotillion Club is an organization with a membership of 250 whose primary aim is the promotion of good dancing. The club sponsors two major dances each year, one in the fall and one in the spring. These dances have come to be regarded as important events in the social life of the College year.

The *Dramatic Club* is open to all students interested in the dramatic arts. Any student may register for the apprentice period of six months. Those who show most ability are elected to full membership in the club and are assigned to work in one or more of the departments. The departments are: acting, stage design, costume, make-up, lighting, property, and business. The 150 members of the organization are divided into groups according to their varied tastes, and these groups provide dramatic entertainment for the meetings of the club as a whole. The club gives training in coaching and producing high school plays and sponsors an annual play contest among the high schools of Southside Virginia. Under the direction of a competent coach the Dramatic Club each year gives a fall and spring production for the entertainment of the whole College community.

The *Eastern Shore Club* is an organization of students from the Eastern Shore of Virginia and Maryland.

The *Future Teachers of America* is a national organization of prospective teachers enrolled in colleges and universities, and in high schools. The local organizations are called F. T. A. clubs in the high schools and chapters in the colleges and universities. The F. T. A. chapters are affiliated with the local, state and national education associations. They serve as training schools for the improvement of professional relationships. The J. L. Jarman Chapter was organized in November, 1939, and received its charter from the National Education Association in 1940.

The *Granddaughters Club* is a unique organization composed of students whose mothers or grandmothers attended the College.

The *Home Economics Club* strives to develop a better understanding of home economics and its contribution to personal and family living. Membership is open to all girls enrolled in home economics courses. The club is affiliated with the state and national Home Economics Association.

The *H₂O Club* is an honorary swimming club. The members are chosen from the student body because of their ability and participation in swimming. Student members must pass the Red Cross Senior Life Saving Test to be eligible for membership. The annual water pageant, the Intercollegiate Telegraphic Swimming Meet, and recreational swimming are sponsored by this group.

Inter-Varsity Christian Fellowship operates on a world-wide basis and is an interdenominational organization. Its purpose is to

reach students for Christ on the local campus. It offers to the student body Bible study and Christian fellowship.

Kappa Delta Pi is a national honor society in education in the broad sense. Its membership consists of students interested in the activities of the teaching profession including all fields. The membership in the organization is confined to students of the junior and senior years, whose scholarship ranks in the upper fourth of that of the student body. The Beta Epsilon Chapter of *Kappa Delta Pi* was organized in 1928. It represents the development of *Pi Kappa Omega*, a local honor society founded in 1918 in response to a need felt by the faculty and students for an organization through which scholarship, character, and service might be given recognition. Ten years later it was merged into *Kappa Delta Pi*, which emphasized the qualities recognized by *Pi Kappa Omega* with an additional emphasis on a professional outlook as broad as the College itself in all of its department and activities.

Le Cercle Francais and *El Club Espanol* are clubs to which all modern language students are eligible. The programs of the regular monthly meetings, which are given in the foreign languages, consist of songs, skits, games, current events, and short talks on cultural subjects.

The *Monogram Club* is an honorary athletic organization which recognizes leadership and participation in sports. Its membership is composed of students interested in the development of high athletic and sportsmanship standards. Members are chosen from the student body and selection is limited to a membership of twenty-five. The Club gives active support to the College's Athletic Association in its many and varied programs.

The *music organizations* of the College are the College Choir, Madrigal Singers, and the Choral Club. These are important factors in the life of the College. They select their members through try-outs at the beginning of the session and give several concerts each year.

The *Northern Neck Club* is composed of students from the Northern Neck of Virginia.

Orchesis is an honorary dance group whose purpose is to foster creative interest in dance among students in the College, and to further and widen that interest through contacts with other college groups. Interest and participation are prerequisites

for membership. Students are chosen as apprentices and qualify for membership by participating in two major dance events of the college year.

The *Richmond Club* is composed of students from the city of Richmond.

Eight national *sororities* have chapters on the campus. They are: Sigma Sigma Sigma, Kappa Delta, Alpha Sigma Alpha, Zeta Tau Alpha, Pi Kappa Sigma, Alpha Sigma Tau, Theta Sigma Upsilon, Delta Sigma Epsilon.

SERVICE TO STUDENTS AND ALUMNAE

The College provides numerous types of services to its students and alumnae. Some of these are described elsewhere in this catalogue. Others of importance are described below.

Student Personnel Program

The College recognizes that the giving of information is only one phase of the student's education. It must also assist each student to develop in all areas of his life. It must be prepared to assist him in making plans for the future and in solving problems of the present. It must be interested in him as a person as well as a member of a class group. Therefore, every faculty member has guidance responsibilities involving work with students on a personal basis. Their work is coordinated by the Dean of the College who directs the student personnel program.

The work of the Home Department, directed by the Dean of Women, is likewise an integral part of the student personnel program. This department is responsible for student life in the dormitories and for the social activities of the students. It has intimate daily contact with all students and is in a position to assist them at all times with their social adjustment. Its work is coordinated with that of the faculty so that there is continuity and purpose in the personal assistance rendered to students throughout their college careers.

The Student Health Service, directed by the College Physician, cooperates in every way with other activities of the student personnel program. The physical condition of every student is a primary factor in his adjustment while in college.

and the cooperation of the Health Service, the faculty, and administrative officials, is considered essential.

Each student's contact with the student personnel program begins with the consideration of his qualifications by the Committee on Admissions when he applies for admission. At the time that he is accepted, the College already has a knowledge of his background, achievement, abilities, and interests. Soon after he matriculates at the College, each freshman is assigned an adviser who is likewise his instructor in at least one class. This faculty member is available at all times to give him assistance in making his plans and solving his problems in an intelligent manner. The office of the Dean of the College maintains extensive personnel records on each student in order that it may assist him and his adviser as they work together during the year.

The College recognizes that many students have not decided definitely on a specific course of study or vocation at the time that they enter as freshmen. Therefore, they are not required to make a choice at the time that they begin their studies. All freshmen take a general course. The required subjects in this are English, history or geography, a science, and physical education. In addition, they elect two courses in other subjects in which they are interested. This gives them an opportunity to "explore" during their freshman year in such a way that they are better prepared to make definite choices as to what they will study beginning with their sophomore year.

All freshmen are required to prepare major themes in their English course which deal with their interests, background, abilities, and ambitions. Thus, they have the opportunity to become better acquainted with themselves and vocations while developing a knowledge of English. These activities assist them in making their plans for the future.

The first week of each regular session is known as "Orientation Week" for freshmen and other new students. The administrative officials of the College, in cooperation with the members of the Y. W. C. A. and carefully selected students who serve as orientation leaders, conduct a program of study and activities which acquaints the new students with the customs, traditions, and regulations of the College. This program has proven to be exceedingly valuable to new students as they adjust to the life on the campus. Throughout the country, the College is known

for the sincere interest shown by the student body, faculty, and administrative officials in those beginning their study here.

Student Health Service

The Student Health Service of the College upholds the highest standards of physical and mental health and emphasizes the prevention of illness. An excellent health record has been maintained here because of the close cooperation between the College Physician and other departments that are in a position to assist in the promotion of student health. The Department of Physical Education works in close cooperation with the Service with a view of promoting physical fitness and correcting defects as well as the development of health consciousness.

The Service is staffed by the College Physician who is a part-time member of the College staff, a full-time registered nurse, and a registered nurse employed on a part-time basis.

After a student's application for admission has been accepted by the Committee on Admissions, he is required to submit a medical certificate from the family or other physician stating that he is in good health and not handicapped with physical defects that will permanently disqualify him for college work. The College provides a special blank for this purpose.

Soon after a student matriculates, he is given an examination by the College Physician to determine his fitness for the various activities in the physical education program. The results of this examination are given to the Department of Physical Education. Every student is required to take some form of physical exercise.

Periodical examinations are given in order to observe the progress of cases limited in activities by the entrance examinations. Special physical examinations are given to students by the Service when they are requested by the Department of Physical Education.

Students needing medical attention are treated in the modern infirmary maintained by the College. This is well equipped and can accommodate more students than normally require medical attention at any one time. It is housed in a separate building connected with the "Annex." Daily sick call is held there at a time which is most convenient to the students.

The infirmary gives a twenty-four hour service with a nurse available at all times. The College Physician is available on call at any hour. The College does not assume responsibility for any medical attention except that given by the College Physician and by the nurses. Consultants, specialists, dental work, operations, hospitalization, private nurses, special prescriptions, X-rays, other laboratory work, etc., are at the expense of the student. The College Physician communicates with the parents immediately in case of serious illness.

The Southside Community Hospital is located only a few blocks from the College in Farmville. It is well equipped and in charge of a capable staff of physicians and surgeons. The College Physician is a member of the staff.

Health Regulations

All students are required to abide by the regulations of the Student Health Service. These are summarized below.

1. All medical excuses, whether illness is on or off campus, and whether the student is treated by the College Physician or his private physician, must come from the College Physician.

2. Off-campus students living in their own homes enjoy all the benefits of the Student Health Service except infirmary room service. The College personnel, however, are not entitled to the use of the Service.

3. A student sufficiently ill to be confined to bed is not allowed to remain in a dormitory. He must be in the infirmary where he may have medical attention and the care of the nurses. No excuses are given unless this rule is observed.

4. The director in charge of each dormitory must report any cases of illness to the infirmary.

5. Hostesses or the heads of homes in which off-campus students are living are required to report without delay to the infirmary any cases of illness which may occur among the students in their homes.

6. Students at home on account of illness are required to notify the College Physician immediately upon their return to College.

7. Students who have been exposed to any infectious disease must report to the College Physician before attending classes or mingling with other students.

8. Students living in their homes or off-campus students who have been ill with infectious diseases must report to the College Physician before resuming classes.

9. Consulting physicians are called at the request of either the student or his parents or guardian, but in all cases the consultant must be called by the College Physician.

10. Appointments with outside physicians or with dentists involving excuses from classes must be made by the College Physician.

Library Service Program

A library orientation program is required of all freshmen. This program consists of six formal lessons on how to use the library, given by members of the library staff in connection with the freshman history and geography courses. By means of this program students become familiar with the library building and its functional divisions, with the various book collections, and with general and special reference tools. They learn how to borrow library materials, how to use the Faculty Reserve Collection, and how to locate subject material or specific books. This program is followed up by individual and group instruction throughout the entire four years of college.

Library service to alumnae is continued in the form of services locally rendered or services by mail. Loan service to teachers in southside Virginia is formally organized according to the regional plan put into effect by the State Board of Education. It is the policy of the library to obtain maximum use of its materials in the interest of students, alumnae, teachers, and other friends of the College.

Placement Service

The College maintains a placement service, directed by the Executive Secretary, for the benefit of its students and alumnae. Notices of vacancies are secured from superintendents, principals, supervisors, other employers, and alumnae. Qualified students and alumnae are notified of these and are placed in contact with the employers.

In order to secure the best possible service, administrative officials should state clearly the character of positions to be filled, and the alumnae needing help should state clearly their

needs and promptly make known their acceptance of positions or change in positions.

Association of Alumnae

The Association of Alumnae serves both the College and its former students. It keeps the alumnae informed of the activities of the College and keeps the College informed as to the problems and needs of the alumnae. The Association is a kind of clearing house through which the alumnae and the College can work together to their mutual benefit. It also serves to keep former students of the College interested in one another by organizing them into local associations and bringing them back to the College on special occasions.

The Association operates in many ways. It keeps a record of former students, holds reunions, aids worthy students through the Fraser Memorial Loan Fund, Cunningham Memorial Loan Fund, and Jennie Masters Tabb Memorial Fund, and organizes local chapters of alumnae in counties and cities. It makes available the College news through *The Rotunda*, the weekly publication of the College, and the Alumnae Magazine, and brings to the attention of the College the achievements and needs of individual alumnae. It holds an annual meeting at the College on Founders Day in March.

ADMISSION REQUIREMENTS

The following students are eligible to apply for admission to the College:

1. Graduates of public and private high schools accredited by the State Department of Education in Virginia or the accepted accrediting agency of any other state. (The State Board of Education has ruled that preference be given to Virginia students of academic and personal qualities of a high order who desire to teach.)

2. Those who are not graduates of accredited high schools but who pass an achievement examination given by the College, the State Department of Education, or the College Entrance Examination Board. Those who wish to take such an examination should make arrangements with the Dean of the College.

3. Advanced students transferring from other recognized colleges and universities. Such students are given a fair

equivalent in credit for courses they have taken, provided they are entitled to honorable dismissal from other institutions they have attended and that they meet the other admission requirements of the College.

No specific number of high school units of credit in any subject is required for admission, provided the student has the necessary credits for graduation from an accredited high school.

In order to apply for admission, a student must take the following steps:

1. Submit the preliminary application blank found in the back of this catalogue. This must be accompanied by an application fee of ten dollars. The fee is used as a property deposit for students who are accepted for admission. It is returned to those whose applications are rejected. It is forfeited by those who fail to complete their applications and by those who fail to attend after their applications are accepted. (Checks and money orders should be made payable to Longwood College.)

2. Fill out and return to the Dean of the College a detailed application blank that will be sent to him when the College receives the preliminary application blank.

3. Request that the principal of the high school from which he was or is to be graduated submit to the College a transcript of his high school record on a form provided by the College. Students who have attended other colleges and universities must likewise request that the registrars of those institutions send to the Dean of the College complete transcripts of their records.

Applicants who have not attended college previously and who have not taken the scholastic aptitude test administered to all high school seniors by the State Department of Education in cooperation with the local schools must take such a test. It may be administered by a local school official of an applicant's choice or by an official of the College.

When the College receives the student's application, application fee, scholastic aptitude test (if any), and the transcripts of his record, its Committee on Admissions examines his qualifications carefully and notifies him as to whether or not his application is accepted. If it is, he and his parents are assured that in the opinion of an impartial committee he is qualified to undertake his college studies.

All communications regarding applications for admission should be sent to the Dean of the College, Longwood College, Farmville, Virginia.

EXPENSES

The cost of attending the College is quite moderate. This is due to the State's effort to bring within the reach of worthy students the advantages of a liberal education and to supply its public schools with adequately-trained teachers. Outlined below are the charges made to both boarding and day students.

The following charges are made to boarding students for the nine-month session:

*Board, room, and laundry, \$175.00 per semester.....	\$350.00
College fees (except laboratory fees), \$77.50 per semester	\$155.00

Total for the session.....\$505.00

Laboratory fees vary according to the courses in which they are charged. Their amount may be determined by reference to the descriptions of courses elsewhere in this catalogue.

Day Students

Some students live in the community rather than on the campus. They are offered the same educational opportunities as are the boarding students but, of course, they are charged only the college fees of \$75.00 per semester and the laboratory fees.

Out-of-State Students

Students who are not residents of Virginia are charged a tuition fee of \$62.50 per semester in addition to the other fees and charges described above.

Application Fee

All students applying for admission must submit an application fee of ten dollars. This is returned to those whose applications are rejected. It is forfeited by those who fail to

*Because of the uncertain conditions prevailing with respect to the cost of operating the institution, the College reserves the right to change its rates at any time throughout the year to meet such additional costs.

attend after their applications are accepted or who cancel their applications prior to action by the Committee on Admissions. It is utilized as a deposit to the account of each student who is accepted and attends the College. Charges are made against it for any damage caused by a student to college property. At the end of the session, the unused portion is refunded.

Diploma Fee

Applicants for degrees are charged a diploma fee of \$5.00. This must be paid at the beginning of the last semester of the senior year. It cannot be refunded.

Method of Payments

All fees for the semester are paid before entering classes. Board is payable by the semester in advance. For those who find it more convenient, board and college fees may be paid in four installments of \$126.25 each, payable in advance. Students are not allowed to register for any semester at the College until all previously incurred College expenses have been paid or adequately secured. The student is expected to pay his own bills. Consequently, *parents should make checks for all fees and board payable not to the treasurer of the College but to the student.* No credit for college work may be given to any student for a diploma, a teacher's certificate, or for transfer purposes until all financial obligations to the College, other than student loans, have been paid.

Refunds

Fees: A student withdrawing from the College within ten days after registering shall have refunded in full all fees except the sum of \$10.00 to cover the cost of registration. If he withdraws or is dropped from the rolls for any cause after the tenth day of the semester, no refund shall be made for that semester except in the case of illness, when the refund shall be prorated upon presentation of a certificate from the College Physician or some other reputable medical practitioner.

Board, room, and laundry: A student withdrawing from the College before the end of a semester shall be charged for table board for the time he was actually in residence at the monthly, weekly, or daily rate as the case may be. No refund will be made for room rent for the semester.

Guests

Students entertaining guests in the College dining hall are charged seventy-five cents for each meal.

Former students of the College are always welcome, and are not charged for meals or accommodations for a period not exceeding two days. Those who remain for a longer period may secure meals and room accommodation at the rate of \$4.00 a day. It is requested that the Dean of Women be notified in advance of a contemplated overnight visit to the College by former students.

FINANCIAL ASSISTANCE

The College offers three types of financial assistance to students in need of such aid: part-time employment, scholarships, and loans.

Part-Time Employment

A limited number of part-time positions are available each year in the dining room, library, and offices of the College. Application for these should be made to the President of the College before June 1.

Scholarships

Additional information regarding the scholarships described below may be obtained from the Dean of the College.

Scholarships for Prospective Teachers

The General Assembly of Virginia has provided a number of scholarships for students in Virginia colleges who are residents of the State and who are enrolled in approved courses of study preparing them to be teachers in the public elementary and high schools. (If preparing for teaching positions in high schools, they must be majoring in subjects in which there are shortages of teachers as determined by the State Board of Education.) These scholarships are valued at \$300 per year. They are open to qualified sophomores, juniors, and seniors. Freshmen who have superior academic records in high school, who earn superior scores on a standard scholastic aptitude test, and who appear to be personally qualified for careers in teaching, are likewise eligible. For each year that the student receives a scholarship, he must agree to teach in Virginia's public schools two years, thereby cancelling the indebtedness and interest. If he does not teach, he must repay the amount received plus interest.

Summer Session Scholarships for Teachers

The General Assembly has provided summer session scholarships, not to exceed \$100 each for the full summer term, for those who can qualify under any one of the following headings:

1. A college graduate without any Virginia teacher's certificate.

2. A college graduate with a four-year non-renewable Collegiate certificate.

3. A holder of the Emergency teachers license who has taught successfully for one or more years.

These obligations may be cancelled by teaching one year immediately following the summer term.

Mary White Cox Memorial Scholarship

The Prince Edward County Chapter of Alumnae will award to an outstanding girl graduate from the Worsham High School or the Farmville High School in June, 1950, the sum of \$50.00 to be applied on her expenses at the College for the session of 1950-51.

Loan Funds

Unless it is otherwise noted in the descriptions of the funds listed below, applications for loans should be made to the President of the College. Except in cases where a different rate is indicated, all loans bear three per cent interest.

Alpha Kappa Gamma Scholarship

This scholarship is awarded annually in memory of Edith Stevens, Associate Professor of Biology at Longwood College from 1925 to 1945. The award is available for a freshman selected on the basis of ability, character and need by a committee of members of the society in cooperation with the Admissions Committee of the College. This loan scholarship amounts to \$100.00. Interest at 2% begins on the date of graduation or upon leaving college.

Alpha Phi Sigma Loan Fund

This fund was established in 1931 by Alpha Phi Sigma Society. Loans are made to students who need financial assistance in their college course.

Alpha Sigma Alpha Loan Fund

This fund was established by the Alpha Sigma Alpha Sorority March 6, 1937, for the benefit of deserving students who need financial help.

Alpha Sigma Tau Loan Fund

This fund was established by the Alpha Sigma Tau Sorority in March, 1942, for helping worthy students who need financial aid to complete their college course.

Carrie Fowles Memorial Loan Fund

This fund was established in 1945 by the will of Mrs. Lula Bradshaw Turpin in memory of Carrie Fowles, who was a student at the College in 1899. It is to be used as a means of aiding worthy students who need some assistance.

Cunningham Memorial Loan Fund

The alumnae of the College who were graduated during the administration of Dr. John A. Cunningham, from 1886 to 1896, raised a fund, intending to establish a scholarship in memory of his faithful and loving service to them and to the State, feeling that the most fitting tribute that could be paid him would be the effort to give to those who are unable to obtain it for themselves the training for the work to which he devoted his life. When this fund amounted to \$1,000 it was changed from a scholarship to a loan fund.

Daughters of the American Revolution Loan Fund

The Daughters of the American Revolution have established a student loan fund for the aid of worthy students in Virginia colleges. Not more than \$300 is available for any one institution, and no student may borrow more than \$300, or more than \$150 in one session. This loan is available only to juniors and seniors.

Dramatic Club Loan Fund

This fund was established by the Dramatic Club, March, 1940, for helping worthy students who need financial aid in order to complete their college course.

Fay Byrd Johnson Memorial Loan Fund

This fund was established in 1930 by the Mu Omega Sorority for the purpose of helping students who need financial assistance in order to pursue their college course.

Gamma Theta Alumnae Loan Fund

In 1949 the Gamma Theta local sorority (1911-1949) became the reactivated Alpha chapter of the Kappa Delta national sorority. The two Gamma Theta loan funds are being continued as the Gamma Theta Alumnae Loan Fund in memory of the local sorority. Its purpose is to assist worthy students in their college education.

Jennie Masters Tabb Memorial Fund

The alumnae and friends of Jennie Masters Tabb, Registrar of the College and secretary to the President from 1904-1934, established in 1945 a loan fund in her memory. This fund is to be used to aid worthy students.

J. L. Jarman Loan Fund

The Norfolk Chapter of the Alumnae Association established in 1942 a loan fund in honor of Dr. J. L. Jarman. This fund is to be used to aid worthy students.

Junior Woman's Club Loan Fund

This fund was established by the Farmville Junior Woman's Club in 1938. Its purpose is to assist worthy local students who need help in their college expenses.

Knights Templar Educational Foundation

This loan fund was established by the Knights Templar of Virginia for the aid of worthy students. It makes loans to juniors and seniors, sons or daughters of Masons residing in Virginia, of not more than \$225.00 per year for each or either of those two years. Interest is charged at the rate of 5% per annum beginning July 1st after graduation or after leaving college, whichever is earlier. For further information write to Mr. W. Norvell Woodward, Secretary-Treasurer, 4528 West Seminary Avenue, Richmond 22, Virginia.

Mary White Cox Memorial Loan Fund

This fund was established in 1945 as a memorial to Miss Mary White Cox by a gift from an alumna of the College. It is to be used as a means of aiding worthy students.

Pi Kappa Sigma Loan Fund

This fund was established by Pi Kappa Sigma Sorority, March, 1939, for helping worthy students who need financial aid in order to complete their college course.

Prince Edward Chapter Alumnae Loan Fund

This fund was started as a branch of the Virginia Normal League. For years many Prince Edward County girls received assistance from this fund without interest. Loans are made now at a small rate of interest. Applications for loans should be made to Mrs. W. J. Sydnor, Farmville, Virginia.

Robert Fraser Memorial (The Virginia Normal League) Loan Fund

The Virginia Normal League, organized by Dr. Robert Fraser in 1899 as a means of establishing a student loan fund, has been changed in name to the Robert Fraser Memorial Loan Fund. This fund has been maintained in times past by annual membership dues of one dollar, and by voluntary contributions. Today the return of loans is the chief source from which loans are made to students now making application for help from this organization. Miss Oattie Craddock is Secretary of this loan fund and it is to her that all payments on past loans should be made. Application for help from this fund should be made to the President of the College.

State Student Loan Fund

The College has a loan fund, appropriated by the State, for assistance to students. Not more than \$200 per session is granted to any one student.

Tri-Sigma Loan Fund

This fund was established by Sigma Sigma Sigma Sorority, at the Golden Anniversary of the College in March, 1934, for helping worthy students who need financial aid in order to complete their college course.

United Daughters of the Confederacy Loan Fund

The Virginia Division of the United Daughters of the Confederacy has established the Kate Noland Garnett Loan Fund. This loan amounts to \$150 and is granted to a sophomore, junior, or senior who is a lineal descendant of a Confederate soldier. Other scholarships or loans may be available. Applications should be made to Mrs. W. C. N. Merchant, Chairman, Committee on Education, Virginia Division, United Daughters of the Confederacy, Chatham, Virginia.

Zeta Tau Alpha Loan Fund

Zeta Tau Alpha, which was founded at the College in 1898, has established a student loan fund honoring the memory of one of its founders, Maud Jones Horner. The fund is used to aid deserving seniors. Loans are interest free.

Academic Regulations

Summarized in this section are important regulations related to academic work in the College. Students should be familiar with these as they undertake their studies in this institution.

Course Numbers

The courses numbered between 100 and 200 are designed for first-year students; those between 200 and 300 for second-year students; those between 300 and 400 for third-year students; and those between 400 and 500 for fourth-year students. At least 44 of the 126 credits required for graduation must be in courses with numbers of 300 or above.

Credits

The credit hour, abbreviated as credit, is the "semester hour." Two credits are equal to one standard session hour. In general, a credit means one class period a week for one semester. For instance, a class meeting three hour periods a week for one semester gives three credits. Laboratory periods two hours in length give the same credit as lecture periods one hour in length. In some cases, where the nature of the work requires less preparation than the standard, as in the case of many courses in physical education, the courses may carry only one or two semester hours of credit.

Student Load

The normal schedule of the student during any semester ranges from twelve to eighteen credits, the number of class hours varying with the number of laboratory periods. The average number of credits is sixteen. Students who wish to enroll in courses giving a total of less than twelve or more than eighteen credits must obtain permission from the Dean of the College. The health, previous academic record, and needs of the student will be considered in all requests for such permission.

Course Changes

All changes in courses in which students are enrolled must be approved by the Dean of the College. No student is permitted to enroll in a course later than the last day of the two-week period following the first day of a semester. Any student who withdraws from or "drops" a course after the instructors have

made the mid-semester grade estimates will receive a grade of F for that course. The only exceptions to this regulation are in cases wherein the College Physician recommends withdrawal because of illness or accident.

Grades

The achievement of a student in his courses is indicated by the grades he receives. The significance of these marks is shown below:

A: Excellent	C: Average	E: Conditioned	I: Incomplete
B: Good	D: Passing	F: Failure	

The lowest passing grade is D. However, for a degree or a certificate a student must earn a general average of C (or a quality point average of 1.00) on all of his college work. He must have also a general average of C in those courses constituting his major subjects or field. At times it is necessary that a student repeat certain courses or enroll in additional courses in order to raise his averages to these requirements.

At the end of the first half of each semester of the regular session, mid-semester grade estimates are issued to the students and their parents. These are not official grades. Instead they represent the instructors' estimates of the students' progress up to that point. At the end of each semester, reports are issued to students and their parents showing their final grades in each course in which they are enrolled.

Quality Credits

The quality of work completed by a student is recognized by the assignment of points to various grades. He receives three quality points for each semester hour of credit with a grade of A, two points for each hour of B, and one point for each hour of C. No points are given for grades below C. Thus, a student who receives a grade of A in a course carrying three credits receives nine quality points. A grade of B would enable him to receive six points and a grade of C, three points.

On this basis a quality average may be computed by dividing the total number of quality points the student has earned by the total number of credits or hours of work in which he has been enrolled. Freshmen must earn a minimum cumulative average of 0.50 to be academically eligible to return for another session. Sophomores must earn a minimum cumulative average of 0.78 and juniors, 0.90.

Honors and Privileges

The Dean's List, which is open to all students who carry the required load of work, recognizes superior scholarship. To be placed on the Dean's List a student must have an average of B+ (2.25 quality points) on all work taken for the semester with no grade below a C. The student on this list may be absent from classes when he can use his time in ways that seem to him more profitable. A student may be removed from the Dean's List if his mid-semester grades do not meet the required standard.

Two honor lists will be announced at the annual commencement exercises. Those students who average nearer A than B on four year's work will be graduated "With High Honor." Those who average B or better but nearer B than A on four years' work will be graduated "With Honor."

Deferred Examinations

Deferred examinations from the first semester must be taken within 30 days after the beginning of the second semester. Those deferred from the second semester must be removed during the summer session or during the last two days preceding the date set for the return of upper classmen to the College in September. Those deferred from the summer session must be removed during the same two days in September as noted above.

Repetition of Courses

Courses failed in this College must be repeated here if credit is to be obtained for them in this institution. In other words, a student cannot obtain credit for a course failed here by repeating it and earning a passing grade on it at another institution.

Transfer of Credits

The College accepts, on transfer, credits of acceptable grade earned in other accredited colleges and universities provided such credits may be applied toward the requirements for a degree in this institution. Credits of a grade quality of below "C" are not accepted on transfer unless there is definite evidence that the student has obtained a greater mastery of the subject than the grade indicates.

Not more than fourteen semester hours of correspondence course credit and not more than thirty semester hours of exten-

sion class and correspondence study credit combined may be credited toward a degree. The College does not accept, on transfer, credits earned through correspondence courses in the natural and physical sciences.

Graduation Requirements

The College awards the bachelor's degree to a student who has met the following requirements:

1. Completion of all study required in one of the nine curricula offered by the College.

2. Completion of a course of study giving a minimum of 126 semester hours of credit with a minimum general average of C (or 1.00 quality points) in all work taken and a minimum general average of C in courses taken in the major subject or field.

3. Attendance as a student for at least one session consisting of two semesters, including the last term immediately preceding graduation.

Changes in Requirements

Progressive development in the College forces constant revision of curricula. In every new catalogue some improvements are indicated. When no hardship is imposed on the student because of changes and when the facilities of the College permit, the student is expected to meet the requirements of the latest catalogue. In this way the student may realize the benefits of improvement in his curriculum that he would be unable to realize were he to follow the curriculum tabulated in the catalogue at the time he entered college.

Students returning to the College after an interruption of four or more years of their college study are expected to conform to the requirements of the latest catalogue.

Teachers' Certificates

All certificates to teach in Virginia are issued by the State Board of Education. When a student completes the prescribed course of study, the Registrar sends a transcript of his work to the State Board of Education which, in turn, issues the appropriate certificate to the student.

Programs of Study

The College offers nine curricula leading to degrees. These are:

- Curriculum I. Leading to the degree of Bachelor of Science in Elementary Education.
- Curriculum II. Leading to the degree of Bachelor of Science in Secondary Education.
- Curriculum III. Leading to the degree of Bachelor of Arts in Secondary Education.
- Curriculum IV. Leading to the degree of Bachelor of Science in Home Economics.
- Curriculum V. Leading to the degree of Bachelor of Science in Business Education.
- Curriculum VI. Leading to the degree of Bachelor of Science in Music Education.
- Curriculum VII. Leading to the degree of Bachelor of Arts in Music Education.
- Curriculum VIII. Leading to the degree of Bachelor of Arts (liberal arts).
- Curriculum IX. Leading to the degree of Bachelor of Science (liberal arts).

In addition to these curricula leading to degrees, the College offers the following special curricula:

- Curriculum V-A. A two-year course in secretarial and clerical work.
- Curriculum VIII-A. Pre-professional preparation for law and similar fields.
- Curriculum IX-A. Pre-professional preparation for medicine, dentistry, nursing, and medical and X-ray technique.

Majors

All curricula provide for both a liberal education and specialization according to the interests of the student. Although the student at the beginning of his freshman year may select the curriculum he expects to enter, his decision at that time is not final. He may change as late as the beginning of the sophomore year without loss of credit.

Students who select Curriculum I, Curriculum V, Curriculum VI, and Curriculum VII are not expected to take a major in any one subject matter field, but those enrolled in other curricula tentatively select a major at the beginning of the freshman year. If a student decides to change to another curriculum, he may do so at the beginning of the second semester of the freshman year, or at the beginning of the first semester of the sophomore year.

A major in Curriculum II or Curriculum III requires 18 to 24 semester hours credit, and a major in Curriculum VIII or Curriculum IX requires 24 semester hours credit. No minors are required, but the student is advised to take at least 12 semester hours in each of several fields. Only those who have at least 12 semester hours college credit in a subject are certified to teach that subject under the present state regulations.

Ordinarily, a student preparing to teach should not take more than 24 semester hours in any one field, but in special cases with the approval of the Director of Teacher Education he may do so. Students who are not preparing to teach should seek a broad background in several fields, usually in subjects closely related to the major field. Care in selecting sequences of courses should prepare the student to change majors without losing credit, supply him with a broad general education background, and qualify him to teach two or more subjects in the high school.

Majors for students in Curricula II, III, VIII, and IX are offered in the following fields: Accounting, art, biology, chemistry, English, French, geography, history, Latin, library science, mathematics, philosophy and psychology, physical and health education, social science, sociology, and Spanish. A student pursuing a major in any one of these fields who has proved himself proficient enough to carry on independent study may, with the approval of the Department, undertake a course of individual work.

The Freshman Year

As indicated in the curricula outlined in this section of the catalogue, all freshmen enroll in a program of study which is essentially the same regardless of the curricula in which they plan to major or specialize. During the first year, the student

studies English; history or geography; a science; physical education; and two elective courses selected on the basis of his tentative plans for the future. Suggestions are made in the outline of each curriculum regarding these elective courses. A definite choice of a curriculum and major is not made until the beginning of the sophomore year.

CURRICULUM I

Bachelor of Science in Elementary Education

The course of study outlined below leads to the degree of Bachelor of Science in Elementary Education. Students receiving this degree are fully qualified to be teachers in kindergartens and elementary schools. The State Board of Education will issue to them its highest teaching license, the collegiate professional certificate.

CURRICULUM III**Bachelor of Arts in Secondary Education**

The course of study outlined below leads to the degree of Bachelor of Arts in Secondary Education. Students receiving this degree are fully qualified to be teachers in high schools. The State Board of Education will issue to them its highest teaching license, the collegiate professional certificate. Students enrolled in this course of study may major in art, biology, chemistry, English, French, geography, history, Latin, library science, mathematics, music, social sciences, sociology, or Spanish. By electing ten credits in approved courses from Curriculum I, and by obtaining at least six credits for student teaching in the primary grades, a student will be qualified to teach in the primary grades as well as in high school.

Departments of Instruction

Instruction in the College is offered by the departments described in this section of the catalogue. Included in the description of each department are the requirements for a major in it and the courses which it offers.

Numerous courses in most departments have prerequisites. These will be noted in the descriptions of the departments or the courses. Generally, courses numbered between 100 and 199 are for freshmen. Those numbered between 200 and 299 are for sophomores; those between 300 and 399 are for juniors; and those 400 and above are for seniors. Courses with numbers divided by commas, such as 111, 112 are semester courses. This means that the College gives credit toward a degree for the satisfactory completion of one semester of the course even though the student may not enroll in it for the second. Courses in which the numbers are hyphenated, such as 111-112, are year courses. In these, the College grants credit toward a degree for them only upon the successful completion of both semesters of the work.

ART

Miss Bedford, Mrs. Lemen, Mr. Vickers

The Department of Art offers courses in visual and tactile arts and art education for elementary and secondary teachers.

Freshmen may choose exploratory electives from the following: Art 121, 122, 201, 202, 221, 222; those interested in Curriculum I may choose Art 111, 112.

A major in Curriculum II or III requires the following: Art 121, 122, 221, 222, 312, 321, 322, and 422. A major in Curriculum VIII requires the following: Art 121, 122, 221, 222, 321, 322, one semester of art appreciation, and one elective course in the Department of Art.

BIOLOGY

Mr. Jeffers, Mr. Brumfield, Miss Baron, and Assistants

Biology 131 and 132 (General Biology) are prerequisite to all other courses offered in the Department. After the satisfactory completion of the first year, a student may elect any of the more advanced courses.

Students desiring to major in biology may take any combination of courses beyond the first year in order to obtain the required number of twenty-four credits.

Physics and chemistry are fundamental to an adequate understanding of biology. Further, biology teachers in high schools are frequently called upon to teach general science. For these reasons, students intending to major in biology are urged to elect general chemistry and general physics early in their college course. Students majoring in biology in Curriculum IX must complete at least one full year of both chemistry and physics in order to fulfill the requirements for that curriculum. Biology majors are also advised to elect both mathematics and a foreign language, so that they may not be handicapped if they wish to pursue graduate work.

Laboratory fees must be paid at the Treasurer's Office before entering classes.

Biology 131-132. General Biology. Prerequisite to all other courses in the department. First and second semesters; 2 single and 2 double periods a week; 4 credits each. Fee: \$3.00 each semester. Instructors: Mr. Jeffers, Mr. Brumfield, Miss Baron, and Assistants.

Biology 231-232. Botany. The first semester treats morphology and physiology; the second taxonomy, ecology and horticulture. First and second semesters; 2 single and 2 double periods a week; 4 credits each. Fee: \$5.00 each semester. Instructor: Mr. Brumfield.

Biology 331. Invertebrate Zoology. First semester; 2 single and 2 double periods a week; 4 credits. Fee: \$5.00. Instructor: Mr. Jeffers.

BUSINESS EDUCATION

**Mr. Landrum, Miss Craddock, Mr. Myers,
Mr. Snead, Mrs. Wynne.**

The Department of Business Education meets the needs of students preparing to teach business subjects and students preparing for positions in the field of business. The courses offered in Curriculum V are cultural as well as vocational.

This curriculum, which is tabulated on page 61, leads to:

1. The degree of Bachelor of Science and to teaching business subjects in the high school.

2. The degree of Bachelor of Science and to positions in the field of business.

3. The degree of Bachelor of Science and to positions as medical and technical secretaries.

4. A two-year program of study, offered in Curriculum V-A, prepares students for secretarial and clerical positions.

Students may major in accounting under Curriculum VIII or IX by electing a total of 24 semester hours of work in accounting (12 to 15 semester hours), business law (3 semester hours), and other business subjects (6 to 9 semester hours) as prescribed by the head of the department. Six of the required 18 credits in social science must be in principles of economics.

Courses in the Department are also offered as electives for students in other fields. Those who are not preparing to teach should substitute for the required courses in education certain others in the Department of Business Education or in other departments that will prepare them definitely for specific types of work in which they are interested. Such substitutions must be approved by the head of the department.

Those who desire to qualify for positions in teaching business subjects and for positions in business should follow the tabulation of Curriculum V, pages 61-62. By so doing, students

will not only receive the Bachelor of Science Degree in Business Education, but will also receive from the Virginia State Board of Education a Collegiate Professional Certificate which entitles them to teach bookkeeping, typewriting, shorthand, office and secretarial practice, and social business subjects in the high schools of the State. Students who complete the requirements both for a degree and for a teacher's certificate have a decided advantage over students who do not.

Those who have had typewriting and shorthand in high school may be scheduled for advanced classes in those subjects at the time of registration.

If students plan to qualify for positions as medical and technical secretaries in offices of physicians, dentists, hospitals, clinics, and public health centers, they should elect courses in the natural and physical sciences that will prepare them for the specific type of work in which they are interested.

Secretarial Studies

Business Education 121, 122. Typewriting. (For those who have had no typewriting.) First and second semesters; 5 periods a week; 2 credits each semester. Fee: \$3.00 each semester. Instructor: Miss Craddock.

Instructor: Mrs. Wynne.

CHEMISTRY AND PHYSICS

Mr. McCorkle, Miss Burger, Mr. French.

This department offers courses in general, organic, physiological, and analytical chemistry; physics; and general science.

A major in chemistry requires 24 semester hours in chemistry or 20 semester hours of chemistry and Physics 131, 132. Since physics is essential to a thorough knowledge of chemistry, the major consisting of chemistry and physics is recommended if the student's work can be arranged to permit it.

Since very few high schools offer enough chemistry to employ a full-time chemistry teacher, it is best that a student with a chemistry major who plans to teach elect physics and biology. By so doing he is prepared to teach the other sciences offered in the high schools.

Students planning to enter nursing, medicine, and related fields are advised to select their courses to meet the entrance requirements of the institution of their choice. They are enrolled in Curriculum IX-A, and such adjustments in courses are made in requirements as are necessary to meet their needs.

Students majoring in chemistry in Curriculum IX are required to take a year of biology and a year of physics.

Chemistry

Chemistry 121-122. General Chemistry. First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$5.00 each semester. Instructor: Mr. French.

Chemistry 221, 222. Organic Chemistry. Prerequisite: Chemistry 122. First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$6.00 each semester. Instructor: Mr. McCorkle.

Chemistry 224. Introduction to Physiological Chemistry. Prerequisite: Chemistry 221. Second semester; 2 single and 2 double periods a week; 4 credits. Laboratory fee: \$6.00. Instructor: Mr. McCorkle.

Chemistry 321. Quantitative Analysis (Volumetric). Prerequisite: Chemistry 122. First semester; 4 double periods a week; 4 credits. Laboratory fee: \$6.00. Instructor: Mr. McCorkle.

Chemistry 322. Quantitative Analysis (Gravimetric). Prerequisite: Chemistry 321. Second semester; 4 double periods a week; 4 credits. Laboratory fee: \$6.00. Instructor: Mr. McCorkle.

Chemistry 323. Qualitative Analysis. Prerequisite: Chemistry 321. Second semester; 4 double periods a week; 4 credits. Laboratory fee: \$6.00. Instructors: Mr. McCorkle, Mr. French.

Chemistry 341-342. General Chemistry. Similar to Chemistry 121-122, but designed as a beginning course for juniors and seniors. First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$5.00 each semester. Instructor: Mr. French.

Physics

Physics 131, 132. General Physics. First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$6.00 each semester. Instructor: Mr. McCorkle.

Physics 242. Household Physics. Second semester; 2 single and 2 double periods a week; 4 credits. Laboratory fee: \$6.00. Instructors: Mr. McCorkle, Mr. French.

Physics 301, 302. Selected Topics in General Physics. First and second semesters; 2 single and 2 double periods a week; 4 credits each semester. Laboratory fee: \$6.00 each semester. Instructor: Mr. McCorkle.

General Science

Science 141, 142. Physical and Biological Science. First and second semesters; 4 periods a week; 4 credits each semester. Laboratory fee: \$2.00. Instructor: Miss Burger.

Science 342. Science for Elementary Teachers. Required in Curriculum I. Second semester; 4 periods a week; 4 credits. Laboratory fee: \$3.00. Instructor: Miss Burger.

EDUCATION, PSYCHOLOGY, AND PHILOSOPHY

Mr. Wynne, Miss Carter, Mrs. Cover, Mr. Coyner, Mr. Johnson,
Mr. Savage, Miss Spindler, Mr. Swertfeger, Principals
Supervisors, Supervising Teachers

The Department of Education, Psychology, and Philosophy contributes to general education, professional education, and specialized education in the program of the College. In some courses the primary emphasis is on general education; in others it is on professional education; and in still others it is on specialized or vocational education, although in many courses all three emphases are given attention. In emphasis, student teaching contributes about equally to general education, specialized education, and professional education.

For a major in psychology and philosophy 24 semester hours are required, including the required courses in these subjects. (See description of courses.)

ENGLISH

Mr. Grainger, Mrs. Davis, Miss Foster, Miss Jennings,
Miss Nichols, Miss Sutherlin.

The Department of English offers courses in composition, literature, reading, and speech and in the teaching and the history of English. The Department seeks to coordinate its work with that of the other departments and with the counseling program of the College. It seeks the cooperation of all instructors in securing and maintaining good use of English in all classes. Improvement in the command and use of the mother tongue is further motivated by many of the extracurricular activities.

Students in advanced courses who show marked deficiencies in the fundamentals of English are required to remedy these deficiencies before receiving credit.

To become eligible to take a major in English, a student must make C or above in English 111-112 or the equivalent. The major in English requires also the following: English 211-212, two semesters elected from courses in English or Speech with numbers above 200, English 405, and either English 411 or 412.

Students taking English as their major in curricula leading to teaching in the high school are advised to shape their programs so as to include studies in the related fields of history and the social studies, foreign languages, speech, music, and art. Those who wish to qualify themselves as teacher-librarians may elect courses in library science.

Composition

English 111-112. Freshman English. Study and practice of oral and written composition, grammar, rhetoric, and speech, paralleled by exploratory and recreational reading in literature, mainly American. Related in part to the college counseling program. First and second semesters; 5 periods a week; 3 credits each semester. Required in all curricula. Instructors: Mr. Grainger, Mrs. Davis, Misses Foster, Jennings, Nichols, Sutherlin.

English 220. Business Correspondence. Prerequisite: English 111-112. First or second semester; 3 periods a week; 3 credits. Required in Curriculum V. Instructor: Miss Nichols.

English 250. Advanced Writing. A continuation in a more advanced way of the composition work begun in freshman English, for those who need further training in writing and for those who wish to undertake writing of a creative nature. Prerequisite: English 111-112. First or second semester; 3 periods a week; 3 credits. Instructor: Mr. Grainger.

English 320. Introduction to Journalism. Exploration of the field of journalism with practice in journalistic writing. Prerequisite: English 111-112. First semester; 3 periods a week; 3 credits. Instructor: Mr. Grainger.

English 405. Senior Composition and Grammar. Prerequisite: English 111-112 and one additional year of English. First or second semester; 3 periods a week; 3 credits. Required in English major. Instructor: Miss Foster.

FOREIGN LANGUAGES

Miss Draper, Miss Barksdale, Miss Girard

Students desiring a major in French, in Spanish, or in Latin are advised to elect two or more years of a second foreign language.

A major in foreign languages requires 24 semester hours in French, 24 semester hours in Spanish, or 24 semester hours in Latin, exclusive of French, Spanish, and Latin 111-112. A student must elect 18 semester hours in one language, or 12 semester hours in Latin, exclusive of French, Spanish, and Latin 111-112. A student must elect 18 semester hours in one language, or 12 semester hours in one and 6 semester hours in another, to fulfill the foreign language requirements of Curricula III, VII, and VIII. The 12 semester hours required in Curriculum IX must be in one language. A student, however, may take 6 hours credit in one language as an elective in any curriculum.

A course in methods of teaching foreign languages, taught by a member of the Department of Foreign Languages, is given with Education 400. It is a course primarily for majors in foreign languages, is conducted entirely in English, and gives no credit toward the major in French, in Spanish, or in Latin.

A native Spanish student and a native French student assist in each class once a week for drill in pronunciation and oral use of the languages. They are also hostesses of French and Spanish-speaking tables in the dining room and take part in the club meetings, thus offering unusual opportunities for speaking both languages and learning about customs and cultures.

A fee of fifty cents will be charged each semester in all modern language classes for the making of records and the use of other laboratory equipment.

French

French 111-112. Beginners' French. Topics and readings about France. First and second semesters; 5 periods a week; 3 credits each semester. Instructor: Miss Draper.

French 121-122. Intermediate French. Topics and readings about French life and culture. Prerequisite: a minimum of two years of high school or one year of college French. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Draper.

French 221-222. Advanced French. Language, phonetics, and reading of modern French writers. Prerequisite: Intermediate French. First and second semesters; 3 periods each week; 3 credits each semester. Instructor: Miss Draper.

French 321-322. A Survey of French Literature. Prerequisite: Intermediate French. First and second semesters; 3 periods a week; 3 credits each semester. Offered alternate years. Instructor: Miss Draper.

French 421, 422. Contemporary French Literature. Prerequisite: French 221-222, or French 321-322. First and second semesters; 3 periods a week; 3 credits each semester. Offered alternate years. Instructor: Miss Draper.

Spanish

Spanish 111-112. Beginners' Spanish. Topics and readings about Puerto Rico and Mexico. First and second semesters; 5 periods a week; 3 credits each semester. Instructors: Miss Draper, Miss Barksdale.

Spanish 121-122. Intermediate Spanish. Topics and readings about Latin-American life and culture. Prerequisite: A minimum of two years of high school or one year of college Spanish. Instructor: Miss Barksdale.

Spanish 221-222. Advanced Spanish. Language and reading of selected works of contemporary Spanish and Spanish-American writers. Prerequisite: Intermediate Spanish. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Barksdale.

Spanish 321-322. Survey of Spanish Literature. Prerequisite: Advanced Spanish. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Barksdale.

Spanish 421, 422. Spanish-American Literature. Prerequisite: Advanced Spanish. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Barksdale.

Spanish 441, 442. Modern Spanish Literature for Spanish-Speaking Students. First and second semesters; 3 periods a week; 3 credits each semester. Offered alternate years. Instructor: Miss Barksdale.

Spanish 443, 444. Spanish-American Literature for Spanish-Speaking Students. First and second semesters; 3 periods a week; 3 credits each semester. Offered alternate years. Instructor: Miss Barksdale.

Spanish 445, 446. Spanish Classics for Spanish-Speaking Students. First and second semesters; 3 periods a week; 3 credits each semester. Offered alternate years. Instructor: Miss Barksdale.

Latin

Latin 111-112. Beginners' Latin. First and second semesters; 5 periods a week; 3 credits each semester. Instructor: Miss Girard.

Latin 113-114. Intermediate Latin. A review of Latin fundamentals and reading of easy prose, comprising a survey of Roman history. Prerequisite: A minimum of two years of high school or one year of college Latin. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Girard.

Latin 461, 462. General Elective. Varied to suit the interests or needs of the students enrolled. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Girard.

Other courses in Latin will be given on sufficient demand.

HISTORY AND THE SOCIAL SCIENCES

Mr. Moss, Mr. Malloy, Miss Moran,

Mr. Schlegel, Miss Stubbs.

The Department of History and the Social Sciences attempts to integrate the whole field of the social sciences.

The basic requirements for a major in history are History 111-112 and 221-222. Thereafter if the student's principal interest lies in United States history a major requires nine credits in United States history and three credits in non-United States history, all in junior-senior courses. If the major interest is non-United States history the above distribution is reversed. All history majors are earnestly urged to explore the other social sciences by way of their electives.

The subject matter of geography includes materials from both the natural and the social science fields. Since major emphasis is placed upon the life of people as it is related to natural environment, courses in geography are counted as credits in social science. A major in this field requires twenty-four credits.

In sociology a major requires Economics 443-444, Government 331, and fifteen semester credits in sociology, which should include Sociology 221, 222.

Students preparing to enter social welfare work should take at least eighteen credits in sociology, including social psychology; eight credits in biology; six credits in economics; and three credits in American government.

A major in the social sciences requires twenty-four semester hours, not more than twelve of which may in in any one social science.

History

History 111-112. History of Civilization. A survey course in world civilizations. First and second semesters; 3 periods a week; 3 credits each semester. Instructors: Mr. Moss, Mr. Malloy, Mr. Schlegel.

History 221-222. American History. An introductory survey course in American history. First and second semesters; 3 periods a week; 3 credits each semester. Instructors: Mr. Moss, Mr. Schlegel.

History 331. American Civil War and Reconstruction. Prerequisite: History 221-222. First semester in even-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Schlegel.

History 332. Europe Since Waterloo. Nineteenth and twentieth century European history. Prerequisite: History 111-112. Second semester in even-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Schlegel.

History 334. United States History Since 1900. Prerequisite: History 221-222. Second semester in odd-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Schlegel.

History 441. Virginia History. Prerequisite: History 221-222. First semester in even-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Moss.

History 442. Southern History. Prerequisite: History 221-222. Second semester in even-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Moss.

History 443-444. British History. Prerequisite: History 111-112. First and second semesters in even-numbered years; 3 periods a week; 3 credits each semester. Instructor: Mr. Moss.

History 445. Latin American History. First semester in odd-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Malloy.

History 446. History of the Far East. Second semester in odd-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Moss.

History 447. American Colonial History. Prerequisite: History 221-222. First semester in odd-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Moss.

History 448. History of Russia. Prerequisite: History 111-112. First semester in odd-numbered years; 3 periods a week; 3 credits. Instructor: Mr. Malloy.

History 449. History Seminar. Second semester; 1 period a week; 1 credit. Open only to senior history majors. Instructors: Mr. Moss, Mr. Malloy, Mr. Schlegel.

Economics

Economics 441, 442. Economic History. The first semester is European, the second American, economic history. Prerequisites: History 111-112, History 221-222. First and second semesters in odd-numbered years; 3 periods a week; 3 credits each semester. Instructor: Mr. Schlegel.

Economics 443-444. Principles of Economics. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Mr. Schlegel.

Geography

Geography 141-142. Survey of World Geography. Climates of the world; comparative studies of the continents, with emphasis upon selected countries and colonial areas. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Moran.

Geography 151. Climates of the World. First semester; 3 periods a week; 3 credits. Instructor: Miss Moran.

Geography 211-212. Geography for Teachers in Elementary Schools. Community and type environments; problems of unit teaching in studies of food, clothing, shelter, and recreation; type environments of lands different from ours. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Moran.

Geography 353. Geography of Virginia. Offered in odd-numbered years. First semester; 3 periods a week; 3 credits. Instructor: Miss Moran.

Geography 422. Economic Geography. A world survey of production as related to environmental conditions; agriculture, minerals, forests, fisheries, manufactures; emphasis on the sources of our food, clothing and shelter. The position of Virginia and the United States in world trade. Second semester; 3 periods a week; 3 credits. Instructor: Miss Moran.

Geography 451, 452. Geography of Current Problems. Current periodicals used in discovering problems; college texts used in discussing geographic aspects of the problems and in efforts to work out solutions. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Miss Moran.

Sociology 445. Social Pathology. First semester; alternate years; 3 periods a week; 3 credits. Instructor: Miss Stubbs.

HOME ECONOMICS

Miss Staggs, Miss Hall, Miss Jeter, Miss Tupper.

The Department of Home Economics offers students an opportunity to prepare to teach home economics in the public schools, to prepare for positions as home economists with public utilities and experimental kitchens, and to prepare for positions in the textile and clothing field of selling and merchandising. Students meeting requirements for a bachelor of science degree in home economics are qualified to teach in state and federal reimbursed secondary schools.

The courses required for majors in this field are shown in the outline of Curriculum IV.

Home Economics 111, 112. Practical Arts Education. See Department of Education, Psychology and Philosophy for a description of this course. Fee: \$1.50 each semester. Instructors: Miss Carter, Miss Bedford, Miss Hall.

Home Economics 121. Personal and Family Living. A course planned with students interested in the social, economic, artistic, and scientific development of self and family. First and second semesters; 3 periods a week; 3 credits. Instructor: Miss Staggs.

Home Economics 221. Food Preparation. The principles of food preparation. Emphasis is given to securing standard products by the application of tested techniques. Offered each semester; 2 double and 2 single periods a week; 4 credits. Laboratory fee: \$5.00. Instructor: Miss Jeter.

Home Economics 231, 232. Textiles and Clothing. A study of textile fibers, fabric construction, their use and care. Problems in making garments of cotton and wool. First and second semesters; 2 double and 1 single period a week; 3 credits each semester. Laboratory fee: \$1.50 each semester. Instructor: Miss Tupper.

Home Economics 241. Home Care of the Sick. Preventative measures and care of the sick in the home when the services of a professional nurse are not required. Equipment and care of the sick room. Second semester; 1 double and 1 single period a week; 2 credits. Instructor: Miss Hall.

Home Economics 300, 301. Survey Course in Foods and Clothing. Food selection and preparation on different economic levels or related to family needs. Selection and care and repair of clothing for the family with opportunity for construction of simple garments. For non-majors. May be taken for 1 or for 2 semesters credit. First and second semesters; 2 double and 1 single period a week; 3 credits each semester. Laboratory fee: \$3.00 each semester. Instructors: Miss Jeter, Miss Tupper.

Home Economics 322. Clothing Design and Construction. Garments designed and constructed to meet needs of student. Prerequisite: Home Economics 231, 232. First semester; 2 double and 1 single period a week; 3 credits. Laboratory fee: \$3.00. Instructor: Miss Tupper.

Home Economics 324. History of Costume. A study of costume through the historic background of various periods of dress, and the appreciation of the influences underlying contemporary dress. Second semester; 3 single periods a week; 3 credits. Laboratory fee: \$1.50. Instructor: Miss Tupper.

Home Economics 331. Buying of Textiles and Clothing. Consumer buying problems in purchasing textiles for the home and for family members. Problems on sheets, table linen, towels, shoes, hose, lingerie. First semester; 2 double and 1 single period a week; 3 credits. Laboratory fee: \$3.00. Instructor: Miss Tupper.

Home Economics 332. Food Buying, Meal Planning and Table Service. A study of marketing conditions as they affect the quality and cost of food. The planning, preparing and serving of meals for the family. First semester; 2 double and 2 single periods a week; 4 credits. Laboratory fee: \$5.00. Instructor: Miss Jeter.

Home Economics 336. History and Organization of Vocational Homemaking Education. History and organization of vocational homemaking education. Techniques for studying students and their homes as a background for curriculum building. Second semester; 3 single periods a week; 3 credits. Instructor: Miss Staggs.

Home Economics 342. Managing the Home. A study of the management of human and material resources available to the family. Second semester; 1 double and 2 single periods a week; 3 credits. Instructor: Miss Hall.

Home Economics 343. Economic Problems of the Family. Study of money income, expenditures and standards of living as they affect the family. First semester; 3 periods a week; 3 credits. Instructor: Miss Hall.

- Home Economics 345. Nutrition and Dietetics.** The fundamental principles of human nutrition based upon the nutritive value of foods and nutritive requirements of man. Prerequisite: Home Economics 221, 332. Second semester; 2 double and 2 single periods a week; 4 credits. Laboratory fee: \$3.00. Instructor: Miss Jeter.
- Home Economics 414. Children's Clothes.** Infants' and children's clothes considered from the standpoint of health, economy and appropriateness. Construction of typical garments for children. Prerequisite: Home Economics 231, 232. First semester; 2 double and 1 single period a week; 3 credits. Laboratory fee: \$1.50. Instructor: Miss Tupper.
- Home Economics 421. Home Economics for Elementary Teachers.** A survey of the various aspects of home and family life and their relation to the integrated program. First semester; 3 single periods a week; 3 credits. Required in Curriculum I. Instructor: Miss Hall.
- Home Economics 424. Tailoring.** Principles of tailoring applied in construction of wool suit or coat. Selection of material, fitting, and construction techniques emphasized. Second semester; 2 double periods and 1 single period a week; 3 credits. Laboratory fee: \$1.50. Instructor: Miss Tupper.
- Home Economics 431. Teaching of Home Economics.** Methods, classroom procedures, evaluation and teaching aids in home economics for secondary schools. Offered each semester; 3 single periods a week; 3 credits. Instructor: Miss Staggs.
- Home Economics 441. Home Management House Residence.** Prerequisite: Home Economics 332, 342. 9 weeks; 3 credits. Laboratory fee: \$5.00. Instructor: Miss Hall.
- Home Economics 447, 448. House Plans and Furnishing.** Structural and decorative design of the house and its furnishings. First and second semester; 2 double and 1 single period a week; 3 credits each semester. Laboratory fee: \$2.00 each semester. Instructor: Miss Tupper.
- Home Economics 450. Experimental Cookery.** Study of principles of cooking processes as affected by the factors of manipulation, temperature and proportion of ingredients, together with a study of recent literature and published experimental data relating to these principles. Prerequisites: Home Economics 221, 332, 345. First semester; 2 double periods and 1 single period a week; 3 credits. Laboratory fee: \$3.00. Instructor: Miss Jeter.
- Home Economics 452. Demonstration Techniques.** Group and individual experiments on selected problems. Understanding of and opportunity to apply steps in giving an effective food demonstration. Demonstrations given by home economists in commercial foods field. Prerequisites: Home Economics 221, 332, 345, 452. Second semester; 2 double and 1 single period a week; 3 credits. Instructor: Miss Staggs.

LIBRARY SCIENCE

Miss Ruffin, Miss Armstrong, Miss Terry,

Mrs. Jenkins, School Librarians.

The courses in library work are planned for the following groups of students: (1) those students who wish to meet the certification requirements for teacher-librarians in the public schools of Virginia; (2) those students who wish to meet the

requirements in library science for entering upon a master's program at a library school; (3) those students who wish to elect one or more courses in library science as a part of their general education. These courses in library science may also serve as a foundation in preparing for the examinations given by the Virginia State Board for the Certification of Librarians.

A teacher-librarian may be defined as a teacher in a high school or an elementary school who is also a part-time librarian. Twelve semester hours in library science are required to meet the minimum standards set by the Virginia State Board of Education for a position as a teacher-librarian. A professional librarian may be defined as either (1) a librarian who has been granted a professional degree or certificate from a library school accredited by the American Library Association, or (2) a librarian who has passed the examinations in library science given by the Virginia State Board for the Certification of Librarians.

Program for Concentrating in Library Science

Curriculum I. Students preparing to teach in elementary schools may qualify as teacher-librarians by taking 12 to 18 semester hours in library science. Library science 300 satisfies the requirements for part of the supervised teaching for students in this curriculum.

Curricula II and III. Students preparing to teach in high schools may obtain a major in library science consisting of a minimum of eighteen credits in library science courses and other courses approved by the head of the Department of Library Science. Library Science 400 satisfies the requirements for part of the supervised teaching for students obtaining a library science major. Ability to use a typewriter is desirable.

Curricula VIII and IX. Students who wish to prepare for a fifth year of library training without qualifying as teachers in the Virginia public school system may obtain 18 credits in library science in Curricula VIII or IX. Two years of study of a modern foreign language on the college level, or its equivalent, is required. Ability to use a typewriter is desirable.

Library Science 321. Selection of Library Materials. First semester; 3 periods a week; 3 credits. Instructor: Miss Ruffin.

Library Science 326. Children's Literature. Second semester; 3 periods a week; 3 credits. (Same as Education 326 and English 326.) Instructor: Miss Sutherland.

Library Science 341. Reference Use of Library Materials. Second semester; 3 periods a week; 3 credits. Instructor: Miss Ruffin.

Library Science 345. Classification and Cataloging. Second semester; 2 single and 2 double periods a week; 3 credits. Instructor: Miss Terry.

Library Science 347. Audio-Visual Education. Either semester; 3 periods a week; 3 credits. (Same as Education 347.) Instructor: Mr. Johnson.

Library Science 348. School Library Administration. First semester; 3 periods a week; 3 credits. Instructor: Miss Armstrong.

Library Science 300. Practice Work in Elementary School Libraries. Offered both semesters; 5 periods a week; 3 credits. (This course may be offered for part of the required teaching in Education 300.) Instructors: Miss Ruffin, Miss Cromwell.

Library Science 400. Practice Work in High School Libraries. Offered both semesters; 5 periods a week; 3 credits. (This course may be substituted for part of the required teaching in Education 400.) Instructors: Miss Ruffin, Miss O'Brien.

MATHEMATICS

Miss Sutherland, Mrs. Phillips.

The Department of Mathematics offers two types of courses: (1) those designed primarily to meet the needs of students who plan to teach in the elementary and secondary schools of the State; (2) those designed to provide the pure mathematics required of students in Curricula VIII and IX.

A major in Curricula II and III requires: Mathematics 141, 151, 231, 233 or 335, 345, 346, 451, and three or four credits from the following electives: Mathematics 121, 122, 221, 325, 453, 454.

A major in Curricula VIII and IX requires: Mathematics 141, 151, 231, 233 or 335, 345, 346, 453 or 454, and three or four credits from the following electives: Mathematics 121, 122, 221, 325.

Students majoring in mathematics are urged to elect general physics in their college course.

Prerequisites for a major: one and one-half units of algebra and one unit of geometry.

Mathematics 141 and 151 or 325 will satisfy the mathematical requirements in Curricula III, VIII, and IX. A student in Curriculum IX who wishes to elect Mathematics 325 should have the approval of the head of the department in his major subject.

All students are advised to elect Mathematics 121 and 122.

Mathematics 121, 122. General Mathematics. Important phases of mathematics needed by the individual in everyday life; the nature of our number system; the nature of the fundamental operations; history and

precision of measurement; approximate computation; statistical concepts and interpretation of data. First and second semesters; 3 periods a week; 3 credits each semester. (Mathematics 121 required in Curriculum I.) Instructor: Miss Sutherland.

Mathematics 123. Mathematics for Teachers in the Elementary School. The subject matter of arithmetic from the teacher's point of view; emphasis on meanings and understandings; social usage of certain topics; analysis and solution of problems. Second semester; 2 periods a week; 2 credits. Required in Curriculum I. Instructor: Miss Sutherland.

Mathematics 141. College Algebra. First semester; 3 periods a week; 3 credits. Instructor: Mrs. Phillips.

Mathematics 142. College Algebra. Prerequisite: Mathematics 141. Second semester; 3 periods a week; 3 credits. Instructor: Mrs. Phillips.

Mathematics 151. Plane Trigonometry. Prerequisite: Geometry. Second semester; 3 periods a week; 3 credits. Instructor: Mrs. Phillips.

Mathematics 161, 162. Fundamentals of College Mathematics. A close correlation of the essentials of algebra, trigonometry, analytic geometry, and the elementary calculus, with emphasis upon the interrelation of the various branches of mathematics; applications of mathematics to other fields, including the physical sciences, engineering, and statistics. (This course may be offered in place of Mathematics 141 and 151.) First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Mrs. Phillips.

Mathematics 221. Commercial Arithmetic. Offered both semesters; 3 periods a week; 3 credits. Required in Curriculum V. Instructor: Miss Sutherland.

Mathematics 231. Analytic Geometry. First semester; 3 periods a week; 3 credits. Instructor: Mrs. Phillips.

Mathematics 233. Solid Geometry. Not required for a major if high school credit has been given. Second semester; 3 periods a week; 3 credits. (Offered alternate years.) Instructor: Mrs. Phillips.

Mathematics 323. Mathematics for Teachers in the Elementary School. A continuation of Mathematics 123. Second semester; 3 periods a week; 3 credits. Required in Curriculum I. Instructor: Miss Sutherland.

Mathematics 325. Statistics. Theory and practical applications of statistics. First semester; 3 periods a week; 3 credits. Instructor: Miss Sutherland.

Mathematics 335. Advanced Plane Geometry. Introduction to the field of modern geometry; the circle and triangle; some theorems of historic interest. Second semester; 3 periods a week; 3 credits. (Offered alternate years.) Instructor: Mrs. Phillips.

Mathematics 345, 346. The Differential and Integral Calculus. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Mrs. Phillips.

Mathematics 451. The Teaching of High School Mathematics. First semester; 3 periods a week; 3 credits. Instructor: Mrs. Phillips.

Mathematics 453. History of Mathematics. Evolution of mathematical knowledge and its relation to the progress of human civilization; its relation to the enrichment of the teaching of mathematics in the secondary schools. Second semester; 3 periods a week; 3 credits. (Offered alternate years.) Instructor: Mrs. Phillips.

Mathematics 454. Use of Mathematical Instruments. Applications of mathematics to indirect measurement with simple exercises in surveying, leveling, and map-making. Instruction in the slide rule is included. Prerequisite: Trigonometry. Second semester; 3 periods a week; 3 credits. (Offered alternate years.) Instructor: Mrs. Phillips.

MUSIC

Mr. Molnar, Miss Clark, Miss Patterson.

The aims of the Department of Music are to emphasize the emotional, aesthetic, intellectual, and social values of music; to broaden the concept of music in life and in the public schools; to prepare grade teachers to teach music in their respective grades; to prepare supervisors and special teachers of vocal and instrumental music in elementary and high schools; to help students attain an artistic proficiency on their instruments and in the use of the singing voice; and to develop an understanding and appreciation of the best music through participation in instrumental and vocal ensembles, and through directed listening to the world's great musical literature.

The required courses in Curriculum I are Music 121, 122 (or 113, 114) and 231. Elementary and physical education majors are urged to enroll in Music 193, 194 (piano).

Students enrolling in Curriculum VIII who plan to major in music should enroll in Music 113, 114 (or 121, 122) during their freshman year. A major in music in Curriculum VIII requires the following courses: Music 113, 114 (or 121, 122), 213, 214 (or 211, 212 plus 333-334), 191, 192 (or 193, 194) plus sufficient elective courses in music to total 24 credits. The courses required in Curriculum VI and Curriculum VII are shown in the outlines of these curricula.

Music 361, 362 may be substituted for Music 151, 152, Music 251, 252, Music 351, 352 and Music 221, 222, and Music 333-334 may be substituted for Music 213, 214 by students who change to Curriculum VI or Curriculum VII after their freshman year.

The amount of credit in applied music that may be transferred from other institutions will be determined through evaluation of a student's proficiency by the Department of Music.

Music Theory

Music 113, 114. Structure of Music. Notation, sight-singing and dictation, theory, harmony, form and analysis, tonal and rhythmic problems. Careful attention is given to the correct use of the singing voice. A

- year of piano study or its equivalent required for entrance into this course. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Mr. Molnar.
- Music 121, 122. Elements of Music.** Solfeggio, song singing, major, minor, and chromatic scales, triads, and rhythmic and tonal problems. Careful attention is given to the correct use of the singing voice. First and second semesters; 3 periods a week; 2 credits each semester. Instructor: Miss Patterson.
- Music 211, 212. Elements of Music.** Continuation of Music 121, 122. Prerequisite: Music 121, 122. First and second semesters; 3 periods a week; 2 credits each semester. Instructor: Miss Patterson.
- Music 213, 214. Structure of Music.** Continuation of Music 113, 114. Prerequisite: Music 113, 114. First and second semesters; 3 periods a week; 3 credits each semester. Instructor: Mr. Molnar.
- Music 317. Keyboard Harmony.** Keyboard harmonization of melodies and basses with sequences, cadences, modulations and harmonic dictation at the piano. Prerequisite: Music 213, 214 or 333-334. Second semester; 2 periods a week; 2 credits. Instructor: Miss Clark.
- Music 333-334. Harmony.** A study is made of the principal and subordinate chords through hearing, performing, and writing given and original melodies and basses; further study includes non-chord tones, related modulations and altered chords. Prerequisite: Music 121, 122 or 113, 114. First and second semesters; 3 periods a week; 3 credits. Instructor: Miss Clark.
- Music 411-412. Counterpoint.** Free and strict counterpoint in two and three parts with simple inversions; motive development leading into writing of simple two- and three-part inventions. Offered in even-numbered years. Prerequisite: Music 213, 214. First and second semesters; 2 periods a week; 2 credits each semester. Instructor: To be announced.
- Music 413. Form and Analysis.** Structural analysis of the homophonic and contrapuntal forms together with creative exercises in their construction, based on the sonatas of Beethoven and the inventions of Bach, and on the song forms. Offered in odd-numbered years. Prerequisite: Music 213, 214. First semester; 2 periods a week; 2 credits. Instructor: Miss Clark.
- Music 414. Composition.** Practical composition in the smaller forms; theme and variations, rondo and sonata, and song forms; instrumental and vocal. Offered in odd-numbered years. Prerequisite: Music 413. Second semester; 2 periods a week; 2 credits. Instructor: To be announced.
- Music 416. Orchestration.** Practical writing for school bands and orchestras, including accompaniments. Prerequisite: Music 213, 214. Second semester; 2 periods a week; 2 credits. Instructor: To be announced.
- Music 421. Choral Conducting.** Technique of the baton; score reading; interpretation; terminology; rehearsal aims and procedures; program building; administration of the chorus and choir; materials. Second semester; 3 periods a week; 3 credits. Instructor: Mr. Molnar.
- Music 422. Church Choir Conducting.** Organization and administration of the church choir; integration of music with the service; materials; special services and festivals; training of the choir; chanting. Prerequisite: Music 421. Second semester; 2 periods a week; 2 credits. Instructor: Mr. Molnar.

Music 433. Instrumental Conducting. Technique of the baton; score reading; interpretation; rehearsal aims and procedures; program building; administration of the band and orchestra; materials. Prerequisite: Music 421. First semester; 2 periods a week; 2 credits. Instructor: Mr. Molnar.

Appreciation and History

Music 151, 152. Concert Hour. A listening course fused with history of music; discussion of current musical events and artists. Special attention to orchestral masterpieces. Offered 1950-51. First and second semesters; 2 periods a week; 1 credit. Instructor: Mr. Molnar.

Music 251, 252. Concert Hour. A listening course fused with history of music; discussion of current musical events and artists. Special attention to choral and operatic literature. Offered 1951-1952. First and second semesters; 2 periods a week; 1 credit. Instructor: Mr. Molnar.

Music 328. Choreographic Music. Development of an appreciation for and understanding of music written especially for the dance of today. (See Physical Education 328.) Second semester; 2 periods a week; 2 credits.

Music 351, 352. Concert Hour. A listening course fused with history of music; discussion of current musical events and artists. Special attention to ensemble literature. Offered 1952-1953. First and second semesters; 2 periods a week; 1 credit. Instructor: Mr. Molnar.

Music 361-362. A Survey of Music Literature. For students changing to Curriculum VI or VII after their freshman year, as a substitute for the Concert Hours. A survey of vocal and instrumental music; study of musical instruments; folk and art song development; study of opera, oratorio, and symphonic music; national tendencies. First and second semesters; 3 periods a week; 3 credits. Instructor: Miss Patterson.

Music 365. History of Music. PHYSICAL AND HEALTH EDUCATION

Miss Iler, Mrs. Landrum, Miss Osborne, and Assistant.

This department has a two-fold purpose: first, to provide professional courses in physical education and health education that will prepare students to teach physical education in the elementary schools, high schools, and colleges and health education in elementary and high schools; second, to provide opportunity for all students to engage in developmental and recreational activities.

A regulation suit is required in all activity courses. The suits are purchased through the College.

The swimming pool will be open to students at certain hours for recreational purposes. Those desiring this privilege must register at the swimming pool office and wear the regulation swimming suit.

All students are required to pass a beginner's swimming test or a course in swimming before the end of the junior year, unless excused by the College Physician.

A degree of Bachelor of Science with a major in physical education requires the following courses: Activity courses including Physical Education 111, 112, 212, 232, 322, 323, 325, 329, 353, 354; and courses including Physical Education 250, 336, 337, 339, and 340, and Health Education 341. Physical Education 321, 328, 330 and 402 and Health Education 239 and 342 are recommended as electives.

Students with a major in physical education who have not had a college course in human physiology are required to take Biology 351 as a prerequisite to Physical Education 336 and 339.

It is desirable for the teacher of physical education or a worker in the field of recreation to have ability in music, dancing, handcrafts, camping and various sports. It is recommended that they enroll in Music 191 (piano).

All students with a major in physical education are expected to participate in the intramural program offered by the Athletic Association and the May Day festival.
